International Conveyors Limited | Annual Report 2011-12

Forward-looking statement

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

“We are leveraging our robust business insights and aiming to double our turnover over the next two/three years”

Mr. R.K. Dabriwala, *Managing Director*, looks back on the year 2011-12 and looks ahead with optimism.

How have you created a sustainable business model at ICL?

Our business is a faithful proxy of the coal and fertiliser industries.

The coal mining sector is gaining traction on account of the growing demand from power plants. The fertilizer industry is also witnessing healthy demand towards ensuring food security for an ever growing population.

In line with the upcoming opportunities, several of our customers are ramping up their capacities. At ICL, we are reinforcing our focus on developing innovative products and strengthening our quality standards to strengthen business sustainability with an overall focus on doubling our topline over the next two / three years.

You mentioned innovation as a key focus area. Can you elaborate?

At ICL, research and development is an ongoing effort towards creating new products and strengthening value engineering initiatives. During the year under report, we developed the value-added Type-10 products, a 72-inch wide PVC belt and supplied it to Potash Corporation of Canada. The advantages of this product include:

- ▶ Carriage of larger tonnage on account of a wider 72 inch surface area.
- ▶ Cost-effective transportation because of heavy loads.

What were some of the key highlights of 2011-12?

Several in fact:

- ▶ Manufactured 3,90,701 metres of PVC Belting.
- ▶ Attained the prestigious 'Export House' status, which will reinforce our global image and visibility.
- ▶ Revenue from export of PVC Conveyor Belting amounted to ₹7,491.53 lacs (₹5,565.75 lacs in 2010-11).
- ▶ Received product approvals from China and Australia and we intend to commence supplies to these countries during 2012-13, thereby reinforcing our export presence.
- ▶ Commissioned a new 4,25,000 metres annual installed capacity PVC

Belting manufacturing facilities at Falta in IBL, 100% subsidiary and proposes to merge this subsidiary with the parent with a view to achieve higher operational synergies.

- ▶ Strengthened average realizations and achieved turnover growth of 28.5% to ₹9662 lacs.
- ▶ Executed major modernization initiatives at our Aurangabad facilities, which will strengthen output, streamline production and optimize cost structures.
- ▶ Proposed a dividend of 25% (₹0.25 per equity share of face value of ₹1) as compared to a dividend of 15% in previous year (₹0.15 per equity share of face value of ₹1).
- ▶ Invested ₹22 cr. (funded 32.34% through Promoter's contribution and rest 67.66% through debt) at the new Falta plant of IBL, a 100% subsidiary.

What is the status of your order book?

Our order book of ₹5163 lacs as on 31 March 2012 (₹3310 lacs as on 31 March 2011) provides robust revenue visibility over the next 5 months. Besides, with a renewed focus on strengthening customer relationships, we intend to strengthen our order book, going ahead.

How are you rightly positioned in the industry landscape to tap emerging opportunities?

We are rightly positioned as India offers

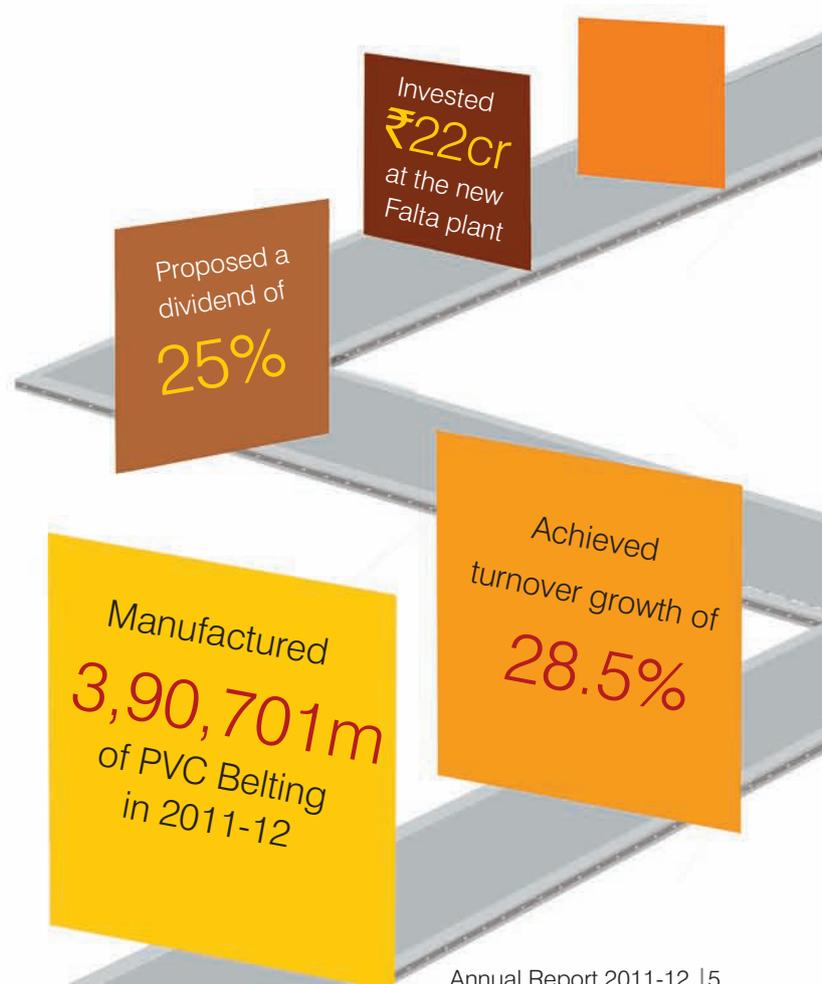

low-cost manufacturing for the skills needed to produce PVC mining belting, among several other advantages.

What is the blueprint for 2012-13 and beyond?

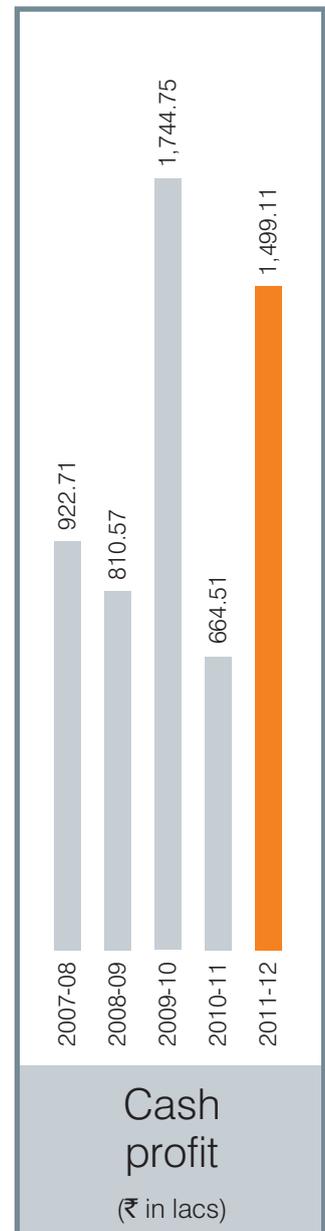

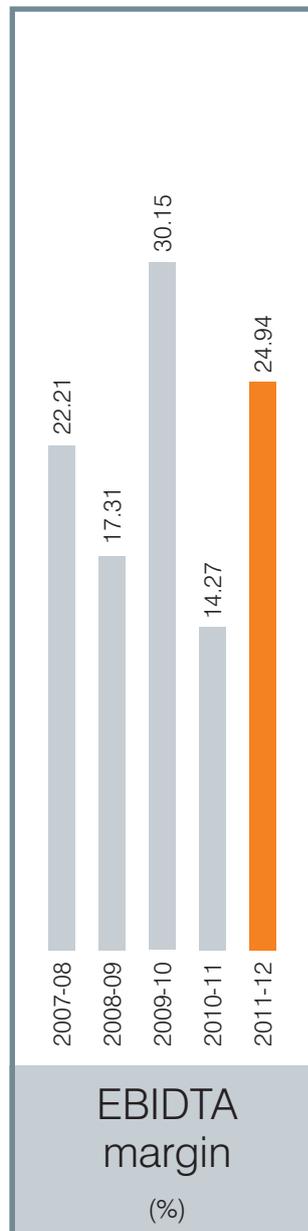

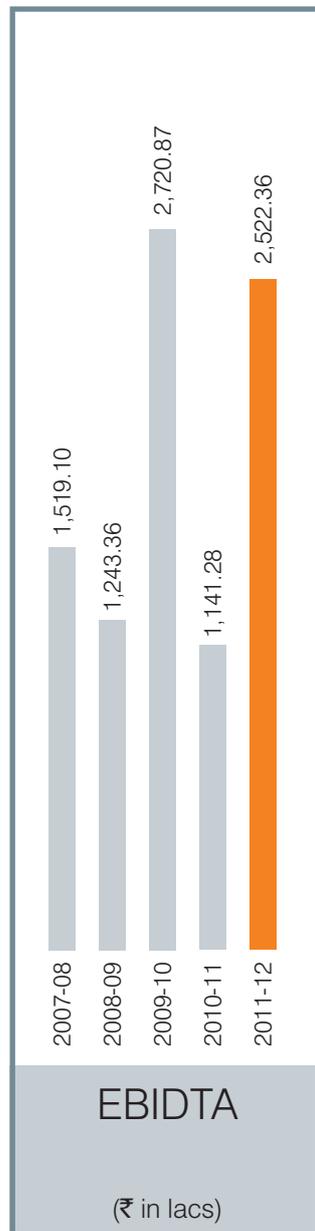

We will launch new value-added product, Type-12 (72-inch, 12,000 lb/ inch) in 2012-13 and we have already booked orders for this product. With a sharper focus on value-added products in the overall sales mix, we expect to strengthen our margins, going forward. We are tapping newer geographies with a special focus on the coal mining sector.

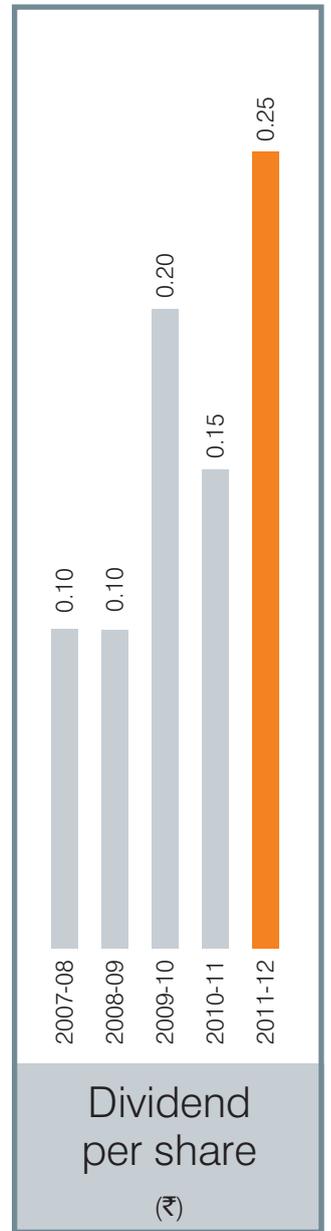

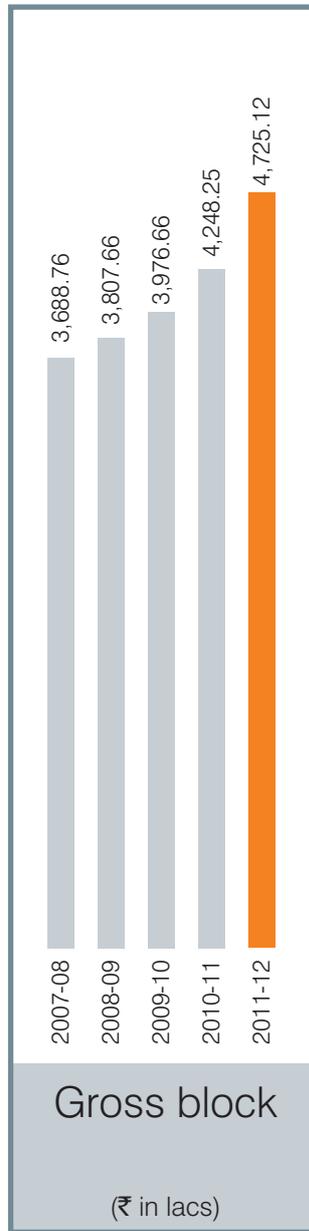

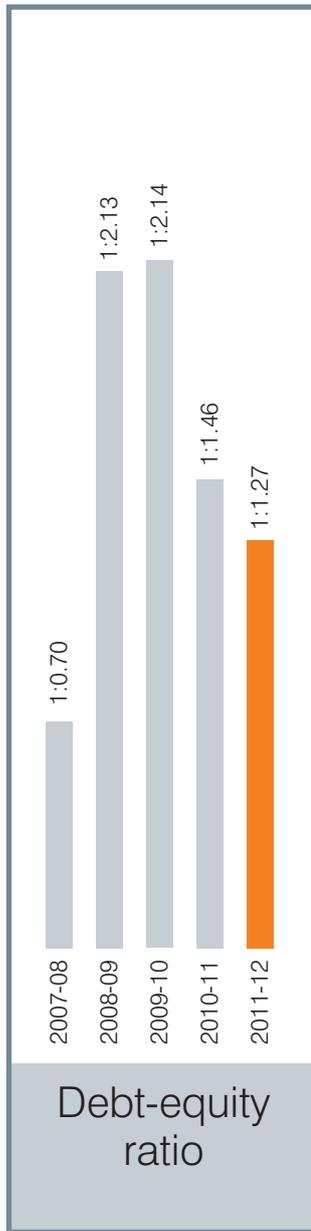

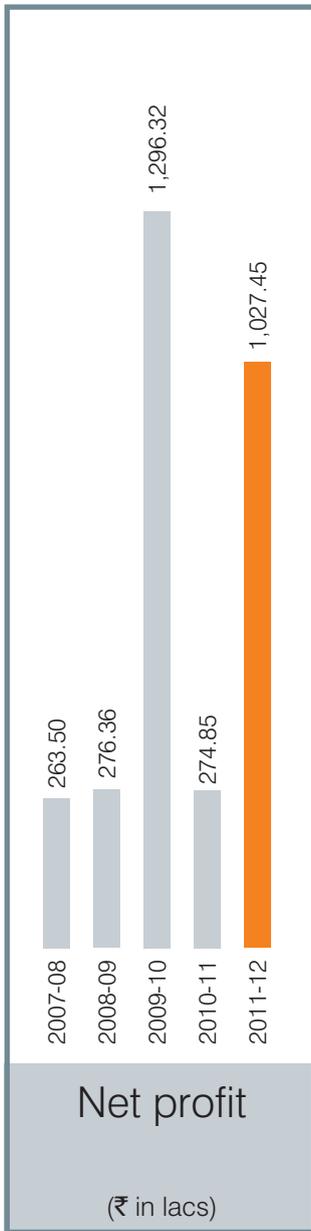

How do you expect to continue to generate shareholder value?

At ICL, we balance the need of conserving funds on the one hand and dividend payouts on the other. We have declared a dividend of 25% (₹0.25 per equity share of face value of ₹1) for 2011-12, up from 15% in 2010-11. We are passionate in our Company's future and with a focus on doubling our topline over the next two/three years, we expect to continue to enrich shareholder value, going ahead.

Success of the past, excitement of the future!

On the trajectory of sustainable growth

Unwavering focus on innovation

At ICL, we continually focus on enhancing our engineering skills, developing new products and strive to meet the customers' evolving requirements.

During the year 2011-12, we introduced a value-added product, Type-10, a 72-inch PVC Belting that was widely accepted by one of our global customers, Potash Corporation of Canada. With a wider 72 inch surface area, this product strengthens customer business by carrying a higher tonnage and transports material at a significantly lower cost.

Over 2012-13, we expect to introduce Type-12 (72-inch, 12,000 lb/ inch) PVC Belting for which we have already received confirmed orders.

On the trajectory of sustainable growth

Stringent control on quality

At ICL, we leverage decades of industry experience to control quality, focusing on every aspect of the production and supply chain with stringent intermediate checks, resulting in the supply of world-class products to our customers and minimal rejects.

Having received the product approvals from Australia and China, paving the way for supplies in 2012-13, we reinforced our quality focus and made inroads into the markets of these countries.

Key competitive advantages

Unique

In the field of producing solid woven fire-retardant anti-static PVC Conveyor Belting for underground mining we are the India's largest listed company having about 40% domestic market share.

Robust quality practices

We are an ISO 9001:2008 certified Company meeting international quality benchmarks. We also enjoy several certifications and endorsements from stringent global regulatory bodies.

Products portfolio

We manufacture the most extensive range of products comprising Type-3 to Type-6 that are the most suitable for meeting Indian requirements and Type-3 to Type-12 that are popular in markets abroad. A significant part of our overall sales mix comprises value-added products.

Adherence to timelines

We deploy wide-ranging engineering capabilities to complete manufacturing of products on schedule realizing that our products drive our customer's business ahead.

Integrating the value chain

We provide several value-added products in our sales mix and count several demanding multinationals as clients.

Strong vendor relationships

We enjoy robust relationships with several reputed Indian and International vendors for cost-effective and uninterrupted sourcing of key raw material resource inputs.

Comprehensive customer portfolio

We are regular suppliers to several subsidiaries of Coal India Ltd., the world's largest coal resource company. We also supply to several reputed private sector industries.

Advanced training

We proactively develop several training programmes for our employees to enable them to remain up-to-date with the latest technology, resulting in minimal attrition and retention of intellectual capital.

Managing risks at ICL

International Conveyors Limited's risk management framework reinforces:

- ▶ Prudent checks and balances.
- ▶ Timely interaction across functions at respective units.
- ▶ Timely escalation of key issues to the corporate committee to ensure swift review of strategy, policies and processes for effective response.

1

Macro-economic factors might impact operations and demand for the Company's products

Being global commodities, coal and fertilizers are exposed to world demand-supply dynamics, geo-political situations and regulatory issues. The Company's business prospects and growth might be affected in the event of a downturn.

Risk mitigation

The Company's market research cell keeps a stringent vigil on the changes in global economies that have a strong influence on the coal mining and fertilizers sectors to analyse their impact and suggest and implement mitigation measures. By virtue of an expansive presence in India with a near 40% share in PVC Conveyor Belting for underground mines and a robust supply to the US and Canadian markets, the Company is well-insulated in terms of products and geographies. With India's thrust on economic development (6.5% projected GDP growth for 2011-12), the Company will continue to witness robust demand for its products, going forward. Besides, the Company's innovation capabilities are reflected in it introducing a new value-added product, Type-12 (72-inch, 12,000 lb/ inch), to be supplied to a global multinational, Potash Corporation of Canada.

2

Raw material security risks

Non-availability and price volatility of critical raw material resources can affect production and offtake.

Risk mitigation

The Company proactively keeps track of the factors affecting key resource availability and plans its sourcing strategies accordingly. The prices of its principal raw materials (comprising poly-yarn, PVC and fire-retardant inputs) are closely linked with crude and with crude prices remaining more or less stable during the year, the Company was able to optimize its raw material costs. Besides, the Company's order book of about ₹5,163 lacs (as on 31st March 2012) will protect profitability in terms of adverse raw material price movements. Moreover, the Company has secured forward contracts with raw material suppliers in order to safeguard against currency fluctuations.

3

Forex risks

With a large import-export exposure, the Company might be affected in terms of adverse currency movements.

Risk mitigation

The Company enjoys a natural hedge in terms of imports of key raw materials and exports of finished products. Besides, the Company's forex cell actively tracks currency movements and adopts such measures as hedging, forward contracts and swaps.

4

Infrastructure and logistics support risks

Expanding business operations have multiplied volumes and brought forth material management challenges.

Risk mitigation

The Company proactively plans for adequate infrastructure for loading/unloading and storage across its plant sites and stock points. Besides, it also streamlines distribution between its manufacturing facilities, warehouses and customer supply points. In a significant initiative, the company attained the 'Star Export House' status in 2011-12, thereby enhancing its international reputation.

5

Competition risks

A highly competitive industry environment might impact profitability.

Risk mitigation

The Company enjoys a dominant 40% market share in PVC Conveyor Belting for underground mines in India and continually reinforces this competitive advantage through an unwavering focus on new product development, optimizing cost structures and creating stronger customer relationships. This is amply reflected in the fact that repeat business constituted nearly 100% of the Company turnover in 2011-12.

6

Rejection risks

The Company's products might face customer rejections.

Risk mitigation

The Company's unwavering focus on quality, certified by several global institutions, ensure products are made to the most demanding standards. This is evident in the fact that during the year under report, the Company did not face any rejects from its customers.

7

Product risks

The Company's products might suffer slackening demand and can be exposed to substitution risks.

Risk mitigation

On the contrary, the Company's products find critical application in the safe and cost-effective transportation of coal and potash from underground mines to pitheads. The product being cost-effective enhances business for customers. In recognition, the Company received approvals from China & Australia in 2011-12, a testimony of a global product appeal. Besides, a capacity utilization of 60% at the Aurangabad manufacturing unit, commissioning of the new Falta unit of its Subsidiary viz. IBL and a near-zero bad debt on the balance sheet, demonstrates high product acceptance and a growing reputation as a quality supplier.

8

Environment, Health and Safety (EHS) risks

Improper EHS systems and processes can adversely impact human life, assets and operations.

Risk mitigation

The Company maintains safety of the highest standards within its operating units, which facilitates in minimizing hazards during day-to-day operations. The Company also possesses proper environmental control assets, which minimizes effluents discharge and helps create a green and clean environment.

9

Industrial risks

The Company's operating units might face closure on account of industrial unrest.

Risk mitigation

The Company maintains robust relations with its work force and engages in continual dialogues with a view to build trust and credibility on an ongoing basis. Besides, it also endeavours to align individual aspirations with corporate goals with a view to create win-win situations and provides continual training with a view to enhance skill sets and augment productivity. The Company has also empowered key employees and also delegated key tasks for them to take quick on-ground decisions for capitalizing on opportunities.

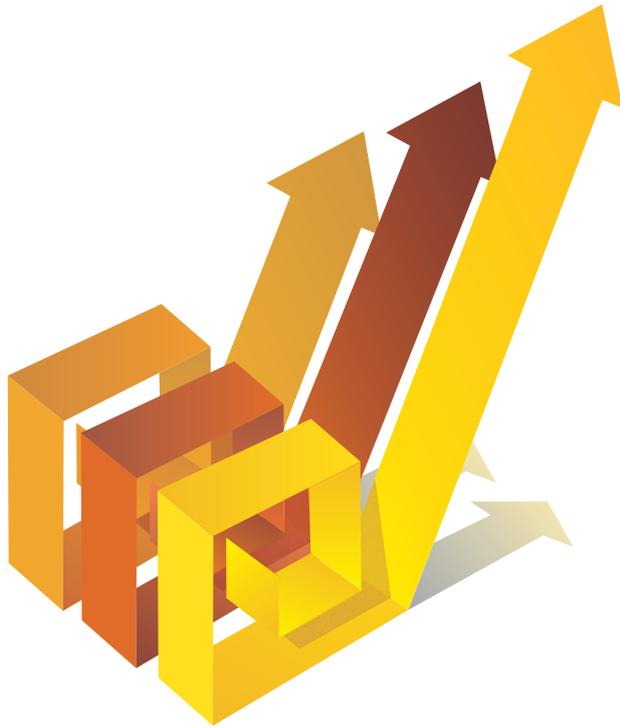

10

Financial risks

The Company's financial strength might weaken, thereby impacting normal operations.

Risk mitigation

Quite on the contrary, the Company's key financial metrics are robust. It enjoys a healthy interest cover of 3.38 times, zero bad debt on its books, a 14.26% growth in networth to ₹6659.75 lacs (2011-12), a strong receivables cycle of 125 days, a healthy operating margin of 24.94% and a comfortable debt-equity ratio of 1:1.27. Besides, the Company continually reviews its financial strength and undertakes swift course corrective measures to protect liquidity.

Financial review – Key financial performance indicators that will help you appraise our Company

Gross turnover

Our standalone gross turnover increased from ₹7995.24 lacs in 2010-11 to ₹10113.47 lacs in 2011-12. Continued order book increase and project execution capabilities ensured turnover growth.

Return on capital employed (ROCE)

Capital employed is the sum of equity contribution and debt financing. At ICL, return on capital employed is a measure of our profitability. ROCE (average) increased from 17.20% in 2010-11 to 33.72% in 2011-12, signifying an effective utilisation of resources.

Debt-equity ratio

Our debt-equity ratio stood at 1:1.27 in 2011-12 (from 1:1.46 in 2010-11), indicating comfortable ability to raise low-cost resources for future expansion plans.

EBIDTA and EBIDTA margin

At ICL, EBIDTA increased from ₹1141.28 lacs in 2010-11 to ₹2522.36 lacs in 2011-12. This is a crucial component for measuring overall profitability. EBIDTA margin increased 1067 basis points in 2011-12 indicating greater operational efficiency and optimised cost structures.

Net profit and net profit margin

Growing net profit increases shareholder wealth and firm valuations. At ICL, net profit increased from ₹274.85 lacs in 2010-11 to ₹1027.45 lacs in 2011-12; net profit margin increased from 672 basis points from 3.44 % in 2010-11 to 10.16% in 2011-12, indicating growing profitability.

Commitment to health, safety, environment and sustainability

At ICL, we believe that business sustainability is closely linked with societal responsibility, workplace safety, environmental protection and robust governance. We undertook several initiatives in this regard.

Environmental focus

We closely monitor energy and water usage and devise ways to optimize their consumption.

Workplace safety

Our focus revolves around safe processes, minimised atmospheric discharges and zero workplace injuries.

Society upliftment

We provide social infrastructure, enrich human capabilities and organise several welfare camps. We also provide extensive training to enhance employability and continually create work opportunities for the local populace.

Infrastructure

We develop roads and other social infrastructure for common good.

Ethical governance

Our Board of Directors and Senior Management oversee governance processes and our internal audit teams focus on enhancing transparency and stakeholder trust.

OPERATIONS

Your Company's operation during the year was satisfactory. The turnover of the Company including the excise duty for the year amounted to ₹10113.47 lacs (Previous year ₹7995.24 lacs). Two Wind Turbine Generator with the capacity of 0.8 MW each were installed at Kurnool district in Andhra Pradesh and one Wind Turbine Generator with the capacity of 0.8 MW at Tumkur

district of Karnataka was disposed off during the financial year 2011-12.

Your Company got the much awaited approval for its products from China; hence can look forward to export business from China.

SUBSIDIARY

In view of expanding the business globally your Company has made M/s International Belting Limited (IBL) its Wholly Owned Subsidiary by way of acquiring entire paid up equity shares of IBL during the year 2011-12. Hence the production capacity of your Company has increased from 7,00,800 mtrs p.a. to 11,25,800 mtrs p.a.

CONSOLIDATED FINANCIAL STATEMENTS

The Consolidated Financial Statements of subsidiaries and joint-ventures have been prepared in accordance with Accounting Standards 21 of The Institute of Chartered Accountants of India which forms part of the Annual Report and are reflected in the Consolidated Accounts of the Company.

The consolidated financial results includes the operations of its wholly owned Subsidiary viz. M/s International Belting Limited.

In terms of section 212 of the Companies Act, 1956, your Company is required to attach the directors report, balance sheet, profit and loss account of its subsidiary companies to its Annual Report. However, the Ministry of Corporate Affairs (MCA), Government of India, New Delhi vide its Circular No.2/2011, dated: 08-02-2011 has granted a general exemption to all the Companies for not attaching the above documents of subsidiaries with the Annual Report of the Holding Company, subject to compliance of the conditions specified therein. As required under the said general circular, the Board of directors of your Company at its meeting held on May 30, 2012 gave its specific consent for not attaching the balance sheet of its subsidiary, as they would be made available to its members at the company's website.

In terms of the said notification of the MCA, a summary of the financial information of the subsidiary of your Company is provided in the Accounts portion of this Annual Report. Any member intends to have a certified copy of the Balance Sheet and other financial statements of the subsidiary may write to the Company Secretary. Accordingly, this annual report does not contain the reports and other statements of the subsidiary company. These documents will also be available for inspection during the business hours at the registered office of the company and also at the registered office of the subsidiary company.

FUTURE PROSPECTS

Your Directors are of the opinion that there is a strong growth uptrend expected in the global coal mining industry over the next few years and this creates a strong platform for ICL to grow continually over the next decade. Since M/s International Belting Limited has become a wholly owned subsidiary of ICL and the

total production capacity of ICL have increased, the company is aiming expansion in the Australian and Chinese markets.

A. CONSERVATION OF ENERGY:

Continuous efforts are being made to reduce energy consumption in KWH per meter. The following steps were taken towards our objective during the year under review:

- a) The power factor is being monitored constantly and maintained at less than 1, thereby availing 5% rebate on MSEDCL power tariff every year. GTL Limited has been appointed as franchise of MSEDCL and power distribution and revenue are being managed by this private sector franchise on behalf of MSEDCL.
- b) Express feeder line commissioned in 2009-10, has helped in reducing diesel consumption for running DG sets from ₹3.44 lacs in 2010-11 to ₹2.17 lacs in 2011-12.
- c) Consumption per unit of production for the year 2011-12:

Particulars	(KWH)	₹

Management Discussion & Analysis Report

INDUSTRY STRUCTURE AND DEVELOPMENTS

International Conveyors Limited (ICL) excels in manufacturing and marketing solid woven carcass reinforced fire retardant antistatic (FRAS) PVC Conveyor Belting in a very niche segment-explosive fire hazardous underground mine application.

Due to the uniqueness of the product, only a handful of manufacturers have found success in manufacturing and marketing this product although every major country having underground mines use FRAS PVC Conveyor Belting – USA, Canada, Australia, China, South Africa, India, Russia, Poland, Ukraine, etc.

Coal and Potash are the primary products mined through underground mechanized mining method. Coal is used as fuel for infrastructure industry the world over, be it thermal power generation or steel or cement making. Potash is the largest input for fertilizer industry.

Why is solid woven PVC Conveyor Belting a unique product? In the industry parlance this product is known as “Non-Newtonian”, which means that during the manufacturing process it does not follow any fixed or set rule. The total production process requires very strict quality check at every step. Slight slackness or complacency can lead to disastrous results of the end product. Constant monitoring and preventive action round the clock by experienced personnel can only take out quality product. This is probably the main reason why many potential manufacturers have tried to enter this segment but could not succeed. ICL’s is a success story.

OPPORTUNITIES AND THREATS

Ups and downs are a part of any manufacturing industry – PVC Conveyor Belting being no exception. Trend analysis of last one decade would reveal peaks and troughs in annual demand

and consumption. However, being a lifeline to infrastructure (coal) and agricultural (potash) industry, there is endless opportunity for growth in demand of the product. With rising cost of petroleum products and disaster in nuclear power plant in Japan, global emphasis has shifted back to coal fed thermal power plants. Fertilizer is the primary nutrient for good agricultural output to feed the ever increasing global population.

We at ICL treat threats in demand or competitive pricing as temporary. The macro industry in which we operate has high demand and growth potential. Lower pricing is temporary as no quality manufacturer can sustain at non-remunerative prices for long. We treat every threat as opportunity which helps us to evolve suitably for future.

SEGMENT-WISE AND PRODUCT-WISE PERFORMANCE

The segment-wise and product-wise performance of the Company are given in the notes to accounts for the year ended 31st March 2012.

OUTLOOK

Outlook for the product is very encouraging. We have received favourable test results and re-approval from Australia, fresh approvals from China, and high tensile belt type approvals from Canada and India – both Type-12.

We have ended the financial year with a record turnover and starting the new financial year with largest ever orders in hand. We hope to keep the momentum going by retaining our large number of satisfied customers and by adding new customers and countries with our “going-global” outlook.

RISKS AND CONCERNS

Risks are evaluated based on the probability and impact of

each risk. Risk Owners prepare their risk plans which include responsibilities and timelines. These are periodically updated for the actions taken. In the normal course of business, the Company is exposed to certain financial risks, principally payment risk, competitor risk, foreign exchange risk, risks associated with compliance, environment risk, industry risk, industrial relation risk, reputation risk etc. These risks are managed through risk management policies that are designed to minimize the potential adverse effects of these risks on financial performance. The policies are reviewed and approved by the Board.

The Risk Management framework of the Company ensures, amongst others, compliance with the requirements of Clause 49 of the Listing Agreement. The framework establishes risk management across all service areas and functions of the Company, and has in place procedures to inform the Board Members about the risk assessment and minimization process. These processes are periodically reviewed to ensure that the management of the Company controls risks through a defined framework.

INTERNAL CONTROL SYSTEMS

The Company has in place adequate systems of internal control in all areas. It ensures efficiency of the operations, financial reporting and statutory compliances. It has documented procedures covering all financial and operating functions. The Board takes responsibility for the total process of risk management in the organization. The Audit Committee regularly reviews the observations and suggestions of the Internal Auditor and takes necessary corrective actions. The system provides for utilization of resources to the optimum level, safeguarding of assets, recording and reporting of transactions correctly, protection against loss, unauthorized use and disposition of assets.

FINANCIAL PERFORMANCE

During the year, the Company recorded net sales of ₹9934.73

lacs in 2011-12 as compared to ₹7839.00 lacs in 2010-11. The Company derived 24.59% of its sales from within India. Exports constituted 75.41%. Profit before tax were at ₹1444.55 lacs and Profit after tax were at ₹1027.45 lacs for the year ended 31st March 2012 as compared to ₹ 427.41 lacs and ₹ 274.85 lacs for the financial year ended 31st March 2011 respectively.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED.

The Company recognizes the need to have optimum level of human resource and orientation towards team efforts for sustained growth and performance. Your Company believes that people constitutes the strength of an organization and has established systems that reduces hierarchy and fosters performance, transparency, fairness and empowerment at all levels. The relations with Company's work force continue to be very cordial and their un-stinted co-operation has enabled your Company to achieve continuous growth, both quantitatively and qualitatively. The commitment of the workforce is one of the strong pillars for the sustenance of growth in the years ahead.

CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis Report in regard to projections, estimates and expectations have been made in good faith. Many unforeseen factors may come into play and affect the actual results, which could be different from what the Directors envisage in terms of future performance and outlook. Market data and product information contained in this Report have been based on information gathered from various published and unpublished reports, and their accuracy, reliability and completeness cannot be assured.

Auditors' Report

The Members,

International Conveyors Limited

1. We have audited the attached Balance Sheet of International Conveyors Limited as at 31st March 2012 and the Statement of Profit and Loss and the Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

2. As required by the Companies (Auditors' Report) Order, 2003 ('the order') issued by the Central Government in terms of Section 227 (4A) of the Companies Act, 1956 ('the Act') and on the basis of such checks as we considered appropriate and according to the information and explanation given to us, we set out in the Annexure A statement on the matters specified in paragraphs 4 and 5 of the said Order.

3. Further to the above, we report that :

(a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of the books;

(c) The Balance Sheet and the Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account;

(d) In our opinion, the Balance Sheet, the Statement of Profit and Loss Account and Cash Flow Statement dealt with by this report comply with accounting standards referred to in Sub-Section 3 (c) of Section 211 of the Act;

(e) On the basis of written representations received from the directors as on 31st March 2012 and taken on record by the Board of Directors, we report that none of the directors of the Company is disqualified as on 31st March 2012 from being appointed as a director in terms of Clause (g) of Sub-Section (1) of Section 274 of the Act;

(f) In our opinion and to the best of our information and according to the explanation given to us, the said accounts read together with the other notes thereon give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

i) In so far as it relates to the Balance Sheet, of the state of the affairs of the Company as at 31st March 2012;

ii) In so far as it relates to the Statement of Profit and Loss Account, of the profit of the Company for the year ended on that date; and

iii) In so far as it relates to the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Notes Forming Part of The Financial Statements as at March 31, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1.1. General

The financial statements have been prepared under the historical cost convention in accordance with the provision of the Companies Act, 1956 and mandatory Accounting Standards as specified in the Companies (Accounting Standards) Rules, 2006, prescribed by the Central Government. Accounting policies unless specifically stated to be otherwise, are consistent and are in consonance with Generally Accepted Accounting Principle.

1.2. Use of Estimates

The preparation of financial statements require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures relating to contingent liabilities and assets as at the Balance Sheet date and the reported amount of revenues and expenses during the year. Difference between the actual results and the estimates are recognized in the year in which the results are known/ materialized.

1.3. Fixed Assets, Depreciation and Amortization

1.3.1 Tangible Assets

a) Gross Block

Tangible Assets are stated at cost of acquisition with subsequent improvements thereto. Cost of acquisition includes taxes, duties, inward freight and installation expenses.

Expenditure incurred on improvements/ modifications of fixed assets that increases the future benefits from the existing asset beyond its previously assessed standard of performance, e.g., increase in capacity / efficiency, are capitalized.

b) Depreciation is provided on written down value method as per Schedule XIV of the Companies Act, 1956. However assets costing ₹5000/- or less are depreciated fully in the year of addition. Leasehold land is amortized over the period of lease.

Additions on account of improvements/ modifications, which becomes an integral part of the existing asset and either do not have separate identity and/or are not capable of being used after the existing asset is disposed off, are depreciated over the remaining useful lives of the assets (improved /modified) they are attached with.

1.3.2 Intangible Assets

Intangible assets are stated at cost of acquisition less accumulated amortization. Computer software packages are amortized over a period of five year on straight line basis.

1.4. Investments

Non-Current investments are stated at cost less provision for diminution other than temporary in nature. Current investments are carried at lower of cost and fair value.

1.5. Inventories

a) Inventories are valued at lower of the cost and net realizable value. The cost in respect of raw materials and stores and spares is determined on FIFO basis and in respect of finished goods and stock in process is determined on average basis. Cost of raw materials and stores and spares include the taxes and duties other than those recoverable from taxing authorities and expenses incidental to the procurement of the same. Cost in case of stock-in-process and finished goods represent prime cost and appropriate portion of overheads.

b) Custom duty on bonded materials and excise duty on finished goods at factory are accounted for and included in cost of inventory.

1.6. Impairments

Fixed Assets are reviewed at each Balance Sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amounts of fixed assets is determined. An impairment loss is recognized, whenever the carrying

Notes Forming Part of The Financial Statements as at March 31, 2012

amount of assets belonging to the Cash Generating Unit (CGU) exceeds recoverable amount. The recoverable amount is the greater of assets net selling price or its value in use. In assessing the value in use, the estimated future cash flows from the use of assets are discounted to their present value as appropriate. An impairment loss is reversed if there has been change in the recoverable amount and such loss either no longer exists or has decreased. Impairment loss/reversal thereof is adjusted to the carrying value of the respective assets, which in case of CGU, are allocated to its assets on a prorate basis.

1.7. Foreign Currency Transaction

Transactions in Foreign Currencies are accounted for at the exchange rate prevailing as on the date of the transaction. Foreign Currency monetary assets and liabilities at the year end are translated using closing rates whereas non monetary assets are translated at the rate on the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transaction during the year are recognized as revenues or expenses in the Statement of Profit and Loss.

1.8. Revenue Recognition

- a) All expenses and revenue to the extent considered payable and receivable respectively, unless specifically stated to be otherwise, are accounted for on mercantile basis.
- b) Insurance and other claims are accounted for as and when admitted or realized.
- c) Dividend is recognized when the right to receive is established.

1.9. Sales

Revenue from sale of goods is recognized at the point of dispatch to the customers. Gross sales include excise duty and rebate, discounts, claims, returns, central sales tax (CST) / value added tax (VAT) etc., are excluded there from.

Sale of Electricity is accounted for on delivery of Electricity to grid in terms of agreement with the Electricity Board.

1.10. Expenses

Expenses under primary heads such as salary, wages, consumption of stores etc., are being shown under respective heads and have not been functionally reclassified.

1.11. Employee Benefits

Short term employee benefit are recognized as an expenses at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.

The Company has Defined Contribution Plan for its employees retirement benefits comprising of Provident Fund and Pension Fund. The Company makes regular contribution to Provident Fund, which are fully funded and administered by the Government. Contributions are recognized in Statement of Profit and Loss on accrual basis.

The Company has Defined Benefit Plan comprising of Gratuity and Leave Encashment schemes. The Company contributes to the Gratuity Fund under the Group Gratuity Cash Accumulation Scheme with Life Insurance Corporation (LIC) for future payment of gratuity liability to its employees. Consequent to the adoption of Accounting Standard 15 (AS 15 Revised) on "Employee Benefits", the liability for the Gratuity and Leave Encashment as at the year end has been determined on the basis of an independent actuarial valuation in accordance with the method stated in AS 15 Revised and such liability has been adjusted/ provided in these financial statements.

The actuarial gain and losses comprise experience judgment and are recognized in the Statement of Profit and Loss in the year in which they arise.

1.12. Grants

- a) Government Grants including subsidy are accounted for as and when realized.
- b) Grants, other than those related to specific assets which are adjusted there against, are treated either under capital or revenue account depending upon the nature of the same.

Notes Forming Part of The Financial Statements as at March 31, 2012

1.13. Borrowing Cost

Borrowing Cost incurred in relation to acquisition or construction of fixed assets are allocated to the fixed assets. Other borrowing cost are recognized as finance cost in the year in which they are incurred.

1.14. Income Tax

Provision for Tax is made for current tax and deferred tax. Current tax is provided on the taxable income using the applicable tax rates and tax laws. Deferred tax assets and/or liabilities arising on account of timing difference, which are capable of reversal in subsequent periods are recognized using tax rates and tax laws, which has been enacted or substantively enacted. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets will be realized. In case of carry forward of unabsorbed depreciation and tax losses, deferred tax assets are recognized only if there is "virtual certainty" that such deferred tax assets can be realized against future taxable profits.

1.15. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Assets are neither recognized nor disclosed in the financial statement. Contingent Liabilities, if material, are disclosed by way of notes.

Auditors' Report on the Consolidated Financial Statements

To The Board of Directors

International Conveyors Limited

1. We have audited the attached Consolidated Balance Sheet of International Conveyors Limited (the Company) and its Subsidiary (collectively referred to as group) as at March 31, 2012 and the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement of the group for the year ended on that date annexed thereto (all together referred to as "The Consolidated Financial Statements". These Consolidated Financial Statements are the responsibility of the Company's management and have been prepared on the basis of separate financial statements and other information regarding components. Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

2. We report that the Consolidated Financial Statements have been prepared by the Company in accordance with the requirements of Accounting Standard 21 (Consolidated Financial Statements) as notified under the Companies (Accounting Standards) Rules, 2006.
3. Based on our audit, and on consideration of the separate audit reports on the individual financial statements of the Company and the Subsidiary, and to the best of our information and according to the explanations given to us , the said accounts read together with the other notes thereon give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India :

Notes Forming Part of the Consolidated Financial Statements as at March 31, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES OF CONSOLIDATED ACCOUNTS

1.1 The Consolidated Financial Statements have been prepared in accordance with the Accounting Standard (AS) – 21 on “Consolidated Financial Statements”, notified vide Companies (Accounting Standards) Rules, 2006.

1.2 The Consolidated Financial Statements relates to International Conveyors Limited (the Company), and its subsidiary. The details are as given below:

Name of the subsidiary	Country of Incorporation	Proportion of ownership interest
International Belting Limited	India	100%

1.3 CONSOLIDATION PROCEDURE:

i. The financial statements of the parent company and its subsidiary have been prepared based on a line-by-line consolidation by adding together the book value of like items of assets and liabilities, revenue and expenses as per the respective financial statements. Intra group balances, intra group transactions and the unrealised profits on stocks arising out of intra group transaction have been eliminated.

ii. As far as possible, the consolidated financial statements are prepared using uniform accounting policies for similar material transactions and other events in similar circumstances otherwise as stated elsewhere.

iii. The difference between the cost of investments in the subsidiary, over the net assets at the time of acquisition of shares in the subsidiary is recognised in the financial statements as Goodwill or Capital Reserve as the case may be.

1.4 Investments other than in subsidiary have been accounted as per AS-13 on “Accounting for Investments.”

1.5 Other significant accounting policies:

1.5.1 General

The financial statements have been prepared under the historical cost convention in accordance with the provision of the Companies Act, 1956 and mandatory Accounting Standards as specified in the Companies (Accounting Standards) Rules, 2006, prescribed by the Central Government. Accounting policies unless specifically stated to be otherwise, are consistent and are in consonance with Generally Accepted Accounting Principle.

1.5.2 Use of Estimates

The preparation of financial statements require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures relating to contingent liabilities and assets as at the Balance Sheet date and the reported amount of revenues and expenses during the year. Difference between the actual results and the estimates are recognized in the year in which the results are known/ materialized.

1.5.3 Fixed Assets, Depreciation and Amortization

1.5.3.(i) Tangible Assets

a) Gross Block

Tangible Assets are stated at cost of acquisition with subsequent improvements thereto. Cost of acquisition includes taxes, duties, inward freight and installation expenses.

Expenditure incurred on improvements/ modifications of fixed assets that increases the future benefits from the existing asset beyond its previously assessed standard of performance, e.g., increase in capacity / efficiency, are capitalized.

b) Depreciation is provided on written down value method as per Schedule XIV of the Companies Act, 1956. However assets costing ₹5000/- or less are depreciated fully in the year of addition. Leasehold land is amortized over the period of lease.

Additions on account of improvements/ modifications, which becomes an integral part of the existing asset and either

Notes Forming Part of the Consolidated Financial Statements as at March 31, 2012

do not have separate identity and/or are not capable of being used after the existing asset is disposed off, are depreciated over the remaining useful lives of the assets (improved /modified) they are attached with.

1.5.3.(ii) Intangible Assets

Intangible assets are stated at cost of acquisition less accumulated amortization. Computer software packages are amortized over a period of five year on straight line basis.

1.5.4 Investments

Non-Current investments are stated at cost less provision for diminution other than temporary in nature. Current investments are carried at lower of cost and fair value.

1.5.5 Inventories

a) Inventories are valued at lower of the cost and net realizable value. The cost in respect of raw materials and stores and spares is determined on FIFO basis and in respect of finished goods and stock in process is determined on average basis. Cost of raw materials and stores and spares include the taxes and duties other than those recoverable from taxing authorities and expenses incidental to the procurement of the same. Cost in case of stock-in-process and finished goods represent prime cost and appropriate portion of overheads.

b) Custom duty on bonded materials and excise duty on finished goods at factory are accounted for and included in cost of inventory.

1.5.6 Impairments

Fixed Assets are reviewed at each Balance Sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amounts of fixed assets is determined. An impairment loss is recognized, whenever the carrying amount of assets belonging to the Cash Generating Unit (CGU) exceeds recoverable amount. The recoverable amount is the greater of assets net selling price or its value in use. In assessing the value in use, the estimated future cash flows from the use of assets are discounted to their present value as appropriate. An impairment loss is reversed if there has been change in the recoverable amount and such loss either no longer exists or has decreased. Impairment loss/reversal thereof is adjusted to the carrying value of the respective assets, which in case of CGU, are allocated to its assets on a prorate basis.

1.5.7 Foreign Currency Transaction

Transactions in Foreign Currencies are accounted for at the exchange rate prevailing as on the date of the transaction. Foreign Currency monetary assets and liabilities at the year end are translated using closing rates whereas non monetary assets are translated at the rate on the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transaction during the year are recognized as revenues or expenses in the Statement of Profit and Loss.

1.5.8 Revenue Recognition

a) All expenses and revenue to the extent considered payable and receivable respectively, unless specifically stated to be otherwise, are accounted for on mercantile basis.

b) Insurance and other claims are accounted for as and when admitted or realized.

c) Dividend is recognized when the right to receive is established.

1.5.9 Sales

Revenue from sale of goods is recognized at the point of dispatch to the customers. Gross sales include excise duty and rebate, discounts, claims, returns, central sales tax (CST) / value added tax (VAT) etc., are excluded there from.

Sale of Electricity is accounted for on delivery of Electricity to grid in terms of agreement with the Electricity Board.

1.5.10 Expenses

Expenses under primary heads such as salary, wages, consumption of stores etc., are being shown under respective heads and have not been functionally reclassified.

Notes Forming Part of the Consolidated Financial Statements as at March 31, 2012

1.5.11 Employee Benefits

Short term employee benefit are recognized as expenses at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.

The Company has Defined Contribution Plan for its employees retirement benefits comprising of Provident Fund and Pension Fund. The Company makes regular contribution to Provident Fund, which are fully funded and administered by the Government. Contributions are recognized in Statement of Profit and Loss on accrual basis.

The Company has Defined Benefit Plan comprising of Gratuity and Leave Encashment schemes. The Company contributes to the Gratuity Fund under the Group Gratuity Cash Accumulation Scheme with Life Insurance Corporation (LIC) for future payment of gratuity liability to its employees. Consequent to the adoption of Accounting Standard 15 (AS 15 Revised) on "Employee Benefits", the liability for the Gratuity and Leave Encashment as at the year end has been determined on the basis of an independent actuarial valuation in accordance with the method stated in AS 15 Revised and such liability has been adjusted/ provided in these financial statements.

The actuarial gain and losses comprise experience judgment and are recognized in the Statement of Profit and Loss in the year in which they arise.

1.5.12 Grants

- a) Government Grants including subsidy are accounted for as and when realized.
- b) Grants, other than those related to specific assets which are adjusted there against, are treated either under capital or revenue account depending upon the nature of the same.

1.5.13 Borrowing Cost

Borrowing Cost incurred in relation to acquisition or construction of fixed assets are allocated to the fixed assets. Other borrowing cost are recognized as finance cost in the year in which they are incurred.

1.5.14 Income Tax

Provision for Tax is made for current tax and deferred tax. Current tax is provided on the taxable income using the applicable tax rates and tax laws. Deferred tax assets and/or liabilities arising on account of timing difference, which are capable of reversal in subsequent periods are recognized using tax rates and tax laws, which has been enacted or substantively enacted. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets will be realized. In case of carry forward of unabsorbed depreciation and tax losses, deferred tax assets are recognized only if there is "virtual certainty" that such deferred tax assets can be realized against future taxable profits.

1.5.15 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Assets are neither recognized nor disclosed in the financial statement. Contingent Liabilities, if material, are disclosed by way of notes.
