12. Pursuant to the Income-tax Act, 1961 read with the Finance Act, 2020, dividend income is taxable in the hands of the Members with effect from 1st April, 2020 and the Company is required to deduct tax at source from such dividend at the prescribed rates. Communication providing information and detailed instructions with respect to tax on dividend for the financial year ended March 31, 2023 will be emailed separately by the Company to the Members.
13. Pursuant to Regulation 12 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Schedule I to the said Regulations, all companies mandatorily have to use the bank account details furnished by the depositories for payment of dividends. Dividend will be credited to the Members' bank account through NACH/NEFT wherever complete core banking details are available with the Company. In the absence of core banking details, dividend warrants will be issued to the Members with bank details printed thereon as available in the Company's records.
14. Members are advised that bank details as furnished by them or by NSDL/CDSL to the Company, for shares held in physical form and in the dematerialised form, respectively, will be printed on their dividend warrant(s)/Cheques as a measure of protection against fraudulent encashment where such dividend could not be remitted electronically.
15. Members who have not encashed their dividend warrants, if any, for the years 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21 and 2021-22 are requested to send the same to the Company Secretary of the Company at the earliest, for payment in lieu thereof. The Company has uploaded the details of unclaimed or unpaid dividend amounts lying with the Company as on 31st March, 2023 on its website.
16. In accordance with Regulation 40 of the Listing Regulations, as amended, all requests for transfer of securities shall be processed only if the securities are held in dematerialized form. Members holding shares of the Company in physical form are requested to kindly get their shares converted into demat/electronic form to get inherent benefits of dematerialisation since physical transfer of equity shares/ issuance of equity shares in physical form have been disallowed by SEBI. Members can contact Company's RTA at mdpldc@yahoo.com for assistance in this regard.

Further, SEBI vide its Circular dated 25th January, 2022 has mandated the listed companies to issue securities in dematerialized form only while processing service requests for issue of duplicate securities certificate; claim from unclaimed suspense account; replacement / renewal / exchange of securities certificate; endorsement; subdivision/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting hard copy of duly filled and signed Form ISR-4 along with the supporting documents to the RTA. The said form is available on the Company's website at www.iclbelting.com and on the website of the RTA at <https://mdpl.in/form>. It may be noted that any service request can be processed only after the folio is KYC Compliant.

17. Members holding shares in physical form are requested to quote their Folio No. and in case shares are held in dematerialised form, members are requested to quote their Client ID and DP ID Nos. in all communications with the Company.
18. Members seeking any information with regard to the Financial Statements are requested to write to the Company at least seven (7) days before the Meeting, so as to enable the Management to keep the information ready at the ensuing Annual General Meeting.
19. Pursuant to the provisions of Sections 124 and 125 of the Companies Act, 2013, dividends for the Financial Year ended March 31, 2016 and thereafter, which remain unpaid or unclaimed for a period of 7 years will be transferred to the 'Investor Education and Protection Fund' ("IEPF") constituted by the Central Government. Members, who have not encashed their dividend warrant(s) for the Financial Year ended March 31, 2016 or any subsequent financial year(s) are urged to claim such amount from the Company/ Registrar and Share Transfer Agent. The due dates for transfer of the unpaid/unclaimed dividend relating to Financial Year 2015-16 and subsequent Financial Years to the IEPF are separately given in Corporate Governance Report annexed to Director's Report for the Financial Year ended March 31, 2023.
20. Pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 as amended from time to time (IEPF Rules), all Shares in respect of which Dividend has not been paid or claimed by the Members for seven (7) consecutive years or more would be transferred to the demat account of IEPF Authority. In terms of the aforesaid provisions, during the Financial Year 2022-23, the Company has transferred 3595 underlying equity shares in aggregate to 6 members on which dividend had remained unpaid or unclaimed for seven consecutive years or more i.e. from Financial Year 2014-15 onwards to the demat account of IEPF authority.
21. The shareholders whose dividend/ shares as transferred to the IEPF Authority can now claim their shares from the Authority by following the Refund Procedure as detailed on the website of IEPF Authority <http://iepf.gov.in/IEPFA/refund.html>. In case the Members have any query on the subject matter and the IEPF Rules, they may contact the RTA of the Company.
22. Pursuant to provisions of Section 72 of the Companies Act, 2013 and Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, members holding shares in physical form are advised to file nomination in the prescribed Form SH-13 with the Company's Registrar & Share Transfer Agent. In respect of shares held in electronic/ demat form, the members may please contact their respective depository participant.
23. **Procedure for updation of E-mail address, Bank Details, PAN and other KYC details**

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013. A STATEMENT SETTING OUT MATERIAL FACTS PURSUANT TO THE PROVISIONS OF SECTION 102 OF THE COMPANIES ACT, 2013:

Item Nos. 4 and 5:

As per the provisions of Section 180 (1) (c) of the Companies Act, 2013, the Board of Directors of the Company cannot, except with the permission of the Shareholders in General Meeting by passing a Special Resolution, borrow monies, apart from temporary loans obtained/ to be obtained from the Company's Bankers in the ordinary course of business, in excess of the aggregate of the paid-up share capital, free reserves and securities premium account of the Company.

Accordingly, the approval of shareholders was obtained through Postal Ballot on September 23, 2017. Considering the future business plans of the Company and to meet the funding requirements for the business of the Company, the Board of Directors may need to resort to further borrowings from time to time, inter alia, by way of loan / financial assistance, inter corporate deposits from various bank(s)/ financial institution(s) and other lender(s) and it would be in the interest of the Company to enhance the borrowing limits for the Board and authorise the Board of Directors to borrow monies which may exceed at any time the aggregate of the paid-up capital of the Company and its free reserves and securities premium but that shall not exceed ₹500 Crores (Rupees Five Hundred Crores Only).

Further, to secure the said borrowings, which the Company may borrow from time to time, the Company may be required to create mortgages / charges / hypothecation in favour of the Lenders / Financial Institutions / Bodies Corporate / others, on all or any of its movable and immovable properties. In order to create aforesaid mortgages / charges / hypothecation, the consent of the Shareholders by means of Special Resolution is required under section 180(1)(a) of Companies Act, 2013. Accordingly, it is proposed to seek approval of the members of the Company for enhancing the limits of borrowing and creation of charge/security on the Company's assets with respect to borrowing upto a maximum of ₹500 crores. The Board of Directors recommends passing of the special resolutions as set out in item nos. 4 and 5 of this Notice.

None of the Directors, key managerial personnel of the Company and their relatives are, concerned or interested, in these resolutions, except to the extent of their respective shareholding, if any, in the Company.

ECONOMIC OUTLOOK

A Conveyor Belting is a continuous moving material handling equipment that is used for carrying different products or materials efficiently and smoothly from one point to another and it is mostly used for conveying a large volume of materials continuously in a short span of time. The efficiency of Conveyor Belting assists in improving productivity, saves labor cost and decreases lead time. The high versatility, light weight nature and cost-effectiveness have made conveyor belting highly popular across various industries.

Conveyor Belting is essential in modern industrial operations, providing efficient and automated transportation of goods and materials. It offers numerous benefits, including increased productivity, reduced manual labor and enhanced safety by minimizing the risk of accidents and injuries. The advantages of Conveyor Belting are manifold, such as it enables continuous and consistent material flow, allow for precise control of speed and direction and can handle heavy loads with ease. In comparison to alternative transportation methods, such as manual handling or forklifts, conveyor belting is more efficient and require lower operational costs. As a result, they find extensive use across various industries, such as manufacturing, mining, agriculture, and logistics, facilitating the movement of various items.

Growing demand from the power, mining and manufacturing industries represent one of the key factors driving the Conveyor Belting market. Mining operations relies heavily on Conveyor Belting. Conveyor Belting is critical for bulk transportation of materials like coal, potash, cement etc.

On the basis of end-use, the Conveyor Belting market is segmented into mining, manufacturing, cement, supply chain and others, out of which the mining segment is anticipated to garner the highest share in the market in near future.

INDUSTRY OVERVIEW IN INDIA

The Indian Conveyor Belting market is witnessing significant growth, driven by the rapidly expanding manufacturing sector in the country. The surging demand for efficient material handling solutions has considerably increased the adoption of Conveyor Belting across various industries, such as mining, power, automotive, logistics etc. which, in turn, is influencing the market growth. Moreover, the initiatives by the Government of India (GoI), such as the 'Make in India' campaign that encourages domestic production, is creating a favorable environment for Conveyor Belting manufacturers. Additionally, the growing awareness regarding worker safety and the availability of a wide range of Conveyor Belting options are acting as other growth-inducing factors.

Management Discussion and Analysis Report

Material handling system is going to be more in use in application for continuous production in the field of bulk capacity handling like coal, ores, potash etc. The Conveyor Belting market in India is estimated at ₹ 20,000 Million out of which PVC Conveyor Belting market is estimated at ₹ 1,000 Million. Being one of the world's fastest-growing economies, India is an attractive market for Conveyor Belting manufacturers.

BUSINESS OVERVIEW

Your Company is engaged in the manufacturing and marketing of solid woven fabric reinforced PVC impregnated and PVC covered fire retardant, anti-static Conveyor Belting in India since 1978 having a rich and valuable experience of around 45 years guided by core human values. It has complete integrated in-house manufacturing from yarn preparation, fabric weaving, compound mixing to finishing and it ensures quality control at each step of manufacturing activity. Your Company is an ISO 9001:2015 certified Company meeting international quality benchmarks. It also enjoys several certifications and endorsements from stringent global regulatory bodies.

The primary product of your Company is PVC Fire Resistant Antistatic Solid Woven Coal Conveyor Belting. Your Company has achieved an annual production of 4,50,363 meters in 2022-23. Your Company is one of the largest manufacturers of solid woven belting in the world and has a complete product range with the ability to make Conveyor Belting up to 3150 kN/m (type 18) in strength and belting widths ranging from 600 mm to 1800 mm. This is the widest product range of Solid Woven Belting available from any one Company with a manufacturing capacity of 1 million meters per annum of PVC Solid Woven Conveyor Belting. Your Company has plants at Aurangabad, Maharashtra and Falta SEZ, West Bengal. Aurangabad Plant has total annual installed capacity of 7,00,000 meters and Falta SEZ Plant has total annual installed capacity of 4,25,000 meters.

Your Company's design team can undertake full in-house design starting from preliminary design of systems from power and tensile strength/tension calculations all the way through to detailed design. It has years of experience in solid woven conveyor belting both for underground and above ground applications. Your Company is the first Company to have BIS Certification. It provides products of International quality, superior technology and testing capability.

Your Company is also associated with Mato Industries Ltd., UK as their distributor in India for Mato Belt Lacing Machine, Fasteners, Spindle Pins and Belt Cutter etc., for last 3 decades. Your Company has achieved substantial growth rate in sale of Mato Products in India. It expects substantial growth of the ongoing business in coming years.

Your Company has been involved in numerous supply arrangements for Indian Coal Mines and also involved in export contract arrangements with Canadian customers in their potash mining applications. Your Company supports its customers for selecting belting based on Conveyor structure (sidewinder software) and it is pioneer to use PVC belting in cement industries.

STRENGTHS

◆ Experienced Promoters and Management Team

The Promoters of your Company have rich and vast experience in Conveyor Belting industry and are well assisted by an experienced and competent team. Your Company is managed by a team of competent professionals with deep knowledge of the core aspects of the business.

◆ High entry barriers

There are barriers for entering in the Conveyor Belting market as dual stage approval is required to be an approved supplier. Product approval by regulatory authorities of importing countries is also required and these approvals are specific to importing entities. As there are very few manufacturers of the product globally, your Company is able to grab a large market share of a niche industry.

◆ Long Term Relationship with the Clients

Your Company believes in maintaining long term relationships with the clients. Your Company's long term contracts ranging between 5-7 years with customers. Your Company's dedicated focus on client coverage and its ability to manufacture as per Country's and Customers specification has helped to establish long term relationships. It has reputed clients in International and Domestic Market.

Management Discussion and Analysis Report

◆ Advantageous Policies and Regulations

There are several policies and regulations which gives advantage to the Conveyor Belting industry. For example, National Mineral Policy, 2019 provides for encouragement of merger and acquisition of mining entities, encouraging technology for mineral administration and curb illegal mining, introduction of appropriate incentive for exploration, creation of dedicated mineral corridors to boost private sector mining. Further, Government has relaxed the FDI norms such as FDI of 100% is permitted under the Automatic Route and Government allowed 100% FDI in commercial coal mining to introduce private sector participation.

◆ Talented and Competent Employees

Your Company has skilled and professionally competent employees and technical team who contribute for the success and growth of your Company.

◆ Financial Performance

During the year under review, your Company has achieved a turnover of ₹ 20,835.58 Lacs as compared to ₹ 20,507.74 Lacs in the previous year, registering a growth of 1.60%. Your Company's profit before taxation for Financial Year 2022-23 is ₹ 3,748.37 Lacs against ₹ 2,599.09 Lacs in the previous year and has grown by 44.22% over the year.

OPPORTUNITIES

Conveyor Belting

Your Company is ready to deliver the most efficient, reliable & safe Conveyor Belting to significantly enhance the efficiency and productivity of Modern Mining operations. The product your Company manufactures is an ingenious way to increase productivity in industries and to reduce labor cost. Looking at the future scenario of Conveyor Belting Industry and increasing demand for the same in different industries, there are ample opportunities available and your Company will surely maximize its wealth in the coming years. In India the focus is on indigenous supply of product with the slogan "**be vocal for Local**". Many Government sectors have debarred Global tenders and the target is giving preference to domestic manufacturers to promote make in India.

Additionally, the Government is initiating process of auctioning coal seams to private players for them to carry out production independently where there is a significant business opportunities for our product.

Treasury

Over the years, India has emerged as one of the fastest growing economies in the world, and it offers a growing and thriving environment for investments, both domestic and foreign. It has a sizable number of listed and unlisted companies, which provide a great scope for investment.

The Government has adopted an investor-friendly Foreign Direct Investment (FDI) Policy, in which most sectors are open for 100% FDI under the automatic route. India's FDI policy is also reviewed on an ongoing basis to ensure that India remains an attractive and investor-friendly destination.

Gradual opening up of the economy by relaxing FDI norms, increase in consumer demand and income, improving financial infrastructure of the country and continued policy support towards industries by the Government in the form of Atmanirbhar Bharat Abhiyan and various schemes have led to an upturn in the performance of the investment sector in India, which is set to scale new heights in the coming years.

Your Company's investments have resulted in receipt of dividends and appreciation of capital. Thus, better performance of the investee companies may be beneficial for the Company.

RISK AND CHALLENGES

Conveyor Belting

◆ Foreign Currency Exchange Rate Fluctuations

Your Company imports critical raw material and payment of these purchases is made in foreign currency. International Market is a much bigger market in comparison to Domestic Market resulting in export of your Company's products outside India. Changes in value of currencies with respect to Indian Rupee may cause fluctuations in your Company's operating results expressed in

Management Discussion and Analysis Report

rupees. The exchange rate between the rupee and other currencies is variable and may continue to fluctuate in future. Any unforeseen or adverse fluctuations with respect to the unhedged exchange rate of any Foreign Currency for Indian Rupees may affect your Company's Results of operations.

◆ Regulatory Risk

Changes in the Regulatory Environment, while usually beneficial to the progress of the sector in the long term, could sometimes cause short term disruptions. Stringent corporate governance regulations and public disclosure requirements have enhanced the need for compliances. Compliance risk is caused by failure in compliance with various domestic and overseas rules and regulations. Non-compliance may lead to penalties and loss of reputation.

However, your Company has various due diligence systems in place to mitigate the impact of the risks mentioned above and to ensure transparency and accountability in the day to day business activities.

Treasury

In a volatile stock market, your Company is exposed to the risk of fluctuation in share prices. This however is not likely to affect the working of your Company, given the Company's risk management strategies and also, temporary fluctuations in the prices of shares in the stock market do not have much financial implication to your Company. However, your company gives continuous effort to frequently examine the ups and downs of the market.

Your Company, in pursuit of its business objectives, is exposed to certain risks such as credit risk, market risk, liquidity risk and operational risk. The market witnessed substantial turbulence in the previous year, stemming from multiple sources impacting the industry. However, as your Company has been fundamentally built on the principle of sound risk management practices, it has successfully weathered the market turbulence and continues to remain resilient.

The Audit Committee of your Company reviews the probable risk that may affect the financial position of your Company from time to time.

FINANCIAL STATEMENTS

Independent Auditors' Report

To the Members of **International Conveyors Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of International Conveyors Limited ('the Company'), which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, and its profit, total comprehensive income, changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI'S Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p>Accuracy of recognition, measurement, presentation and disclosures of Investments and other related balances</p> <p>Investments include investments made by the Company in various quoted and unquoted equity shares and preference shares.</p> <p>These investments constitute 55% of the Company's total assets.</p> <p>The valuation of each category of the aforesaid securities is to be done as per the provisions of Ind AS which involves collection of data/information from various sources such as Demat statement, financial statements of unlisted companies etc. Considering the complexities and extent of judgement involved in the valuation, this has been determined as Key Audit Matter.</p> <p>Refer Note 6 to the standalone financial statements.</p>	<p>Our Procedure:</p> <p>We have verified these investments with reference to the provisions of Ind AS as also internal policies and procedure of the Company as follows:</p> <ol style="list-style-type: none">Carried out evaluation of the design and operating effectiveness of the internal controls and performed substantive audit procedures.Assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments.Verified compliance with the presentation and disclosure requirements as per Ind AS and the Act. This test was conducted for the entire population.

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report and Shareholder's Information, but does not include the standalone financial statements, consolidated financial statements and

Independent Auditors' Report

our auditor's report thereon. The Management Discussion and Analysis, Board's Report including Annexure to Board's Report and Shareholder's Information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our

Independent Auditors' Report

auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - iii. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash flows dealt with by this Report are in agreement with the relevant books of account.
 - iv. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - v. On the basis of the written representations received from the Directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of section 164(2) of the Act.
 - vi. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - vii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note No. 38.1 to the standalone financial statements.
 - b. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.

Independent Auditors' Report

- c. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.
- d. (i) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (ii) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. As stated in Note No. 18(h) to the standalone financial statements
- (i) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.

“Annexure A” to the Independent Auditors’ Report

Statement referred to in paragraph ‘Report on Other Legal and Regulatory Requirements’ of our report of even date to the members of **International Conveyors Limited** on the standalone financial statements for the year ended 31st March, 2023.

- (i) a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- b) The Property, Plant and Equipment have been physically verified by the management during the year, which, in our opinion, is reasonable having regard to the size of the Company and nature of its assets. According to the information and explanations given to us, no material discrepancy was noticed on such verification.
- c) Based on our examination of records provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
- d) The Company has not revalued any of its Property, Plant and Equipment (including right of use assets) and intangible assets during the year.
- e) According to the information and explanations given to us and as represented by management, no proceedings have been initiated during the year or are pending against the Company as at 31st March, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) a) The inventories have been physically verified during the year by the management at reasonable intervals. The coverage and procedure of verification of stock, in our opinion, is appropriate in relation to the size of the Company. No material discrepancies were noticed on physical verification of the inventory as compared to book records
- b) As disclosed in note 23 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. 5 Crores in aggregate from banks during the year on the basis of security of inventories of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns / statements filed by the Company with such banks are in agreement with the books of accounts of the Company.
- (iii) The Company has not provided any guarantee or security to any entity during the year. The Company has made investments in companies and granted unsecured loans or advances in the nature of loans to Companies and other parties, during the year.
- a) The Company has not provided guarantee or provided security to any parties. During the year, the Company has provided loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties.
- (A) The Company has no joint venture and associate. Further, the Company has not provided any loans to subsidiaries. Therefore, reporting under clause (iii) (a)(A) of paragraph 3 of the said order is not applicable to the Company.
- (B) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has granted loans to parties other than subsidiaries as below:

Particulars	Amount (Rs. In lakh)
Aggregate amount of loan granted during the year	11,194.00
Balance outstanding as on date	6,787.00

- b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.
- c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally been regular as per stipulation except in respect of 1 company having an aggregate outstanding balance of Rs.131.81 lakh where the repayments of principal and receipts of interest are not regular and the same has been fully provided for.

“Annexure A” to the Independent Auditors’ Report

- d) Based on our verification of books and other records, an aggregate amount of Rs. 131.81 lakh is overdue for more than ninety days in respect of a party, and reasonable steps have been not taken by the company for recovery of the principal and interest.
- e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Therefore, reporting under clause (iii) (f) of paragraph 3 of the said order is not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to the loans granted and investments made. Further, there are no guarantee given and security provided in respect of which provisions of Sections 185 and 186 of the Act are applicable.
- (v) The Company has not accepted any deposit within the meaning of section 73 to 76 or any other relevant provisions of the Act and the rules framed there under. The directives issued by the Reserve Bank of India are not applicable to the Company. Therefore, reporting under clauses (v) of paragraph 3 of the said order are not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company in respect of products where pursuant to the rules made by the Central Government, the maintenance of Cost records has been prescribed under section 148(1) of the Act and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We, however, as not required, have not made a detailed examination of such records.
- vii) (a) According to the information and explanations given to us and based on the examination of the records of the Company as provided to us, the Company is regular in depositing undisputed statutory dues including provident fund, employees’ state insurance, income tax, goods and service tax, customs duty, cess and other statutory dues, to the extent applicable, with appropriate authorities and no undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31st March, 2023 for a period of more than six months from the date of becoming payable.
- (b) The disputed statutory dues aggregating to Rs. 5.78 Lakh that have not been deposited on account of matters pending before appropriate authorities are as under:

Name of the Statute	Nature of the Dues	Period to which pertain	Amount (Rs. in Lakh)	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax*	2013-14	5.78	Commissioner of Income Tax (Appeals) - 17
Total			5.78	

*Excluding Rs. 67.01 lakh paid under protest.

- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year (except vehicle loan) and hence, reporting under clause (ix)(c) of paragraph 3 of the said Order is not applicable.
- d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. The Company has no associate or joint venture.

“Annexure A” to the Independent Auditors’ Report

- f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries and hence, reporting on clause (ix)(f) of paragraph 3 of the said Order is not applicable.
- (x) a) As per records examined by us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year and hence, reporting on clause (x)(a) of paragraph 3 of the said Order is not applicable.
 - b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of paragraph 3 of the said Order is not applicable.
- (xi) a) According to the information and explanations given to us and as per records examined by us, no fraud by the Company and on the Company has been noticed or reported during the year.
 - b) No report under sub-section (12) of section 143 of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 - c) According to the information and explanations given to us and as per records examined by us, the Company has not received any whistle blower complaint during the year.
- (xii) In our opinion, the Company is not a nidhi company. Therefore, clause (xii) of paragraph 3 of the said order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, clause (xv) of paragraph 3 of the said order is not applicable.
- (xvi) a) According to the information and explanations given to us, the provisions of Section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, clauses (xvi) (a), (b) and (c) of paragraph 3 of the said order is not applicable.
 - b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause (xvi)(d) of paragraph 3 of the said order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

“Annexure A” to the Independent Auditors’ Report

- (xx) a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause (xx)(a) of paragraph 3 of the said order is not applicable for the year.
- b) There are no ongoing projects under CSR requiring a transfer to a Special account within a period of 30 days from the end of the said financial year in compliance with the provision of section 135(6) of the Act. Accordingly, reporting under clause (xx)(b) of paragraph 3 of the Order is not applicable for the year.

“Annexure B” to the Independent Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of International Conveyors Limited (“the Company”) as of 31st March, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Annexure “B” to the Independent Auditors’ Report

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Its business consists of:

- (a) Manufacturing and trading of Conveyor Belting,
- (b) Trading of Ply Conveyor Belting, Steel Cord Conveyor Belting and fitting and accessories,
- (c) Generation and Sale of Power, and
- (d) Investment Activity.

The financial statements for the year ended March 31, 2023 was approved for issue by the Board of Directors of the Company on May 30, 2023 and is subjected to the adoption by the shareholders in the ensuing Annual General Meeting.

2A. Significant accounting policies

2.1 Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 ('the Act'). The financial statements have also been prepared in accordance with the relevant presentation requirements of the Act.

2.2 Basis of preparation

These financial statements have been prepared in accordance with Ind AS under the historical cost basis except for the following:

- i) Certain financial assets and financial liabilities (including derivative instruments) - measured at fair value, and
- ii) Defined benefits plan – plan assets measured at fair value.

Historical cost is generally based on the fair value of the consideration in exchange for goods and services.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Act.

The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

The Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in the Division II to the Schedule III to the Act. The Statement of Cash Flows has been prepared and presented in accordance with Ind AS 7 “Statement of Cash Flows”. The disclosures with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

The financial statements including notes thereon are presented in Indian Rupees (“Rupees” or “Rs.”), which is the Company's functional and presentation currency. All amounts disclosed in the financial statements including notes thereon have been rounded off to the nearest lakh upto 2 decimals as per the requirement of Schedule III to the Act, unless stated otherwise.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

2.3 Property, plant and equipment (PPE), depreciation and amortization

- a) All Property, plant and equipment are stated at cost of acquisition with subsequent improvements thereto. Cost of acquisition includes taxes, duties, inward freight and installation expenses.

Notes forming part of the Standalone Financial Statements as at March 31, 2023

Expenditure incurred on improvements/ modifications of PPE that increases the future benefits from the existing asset beyond its previously assessed standard of performance, e.g., increase in capacity / efficiency, are capitalized.

- b) Depreciation is provided on written down value method as per Schedule II of the Act based on the useful life of the assets. In case of certain items of Plant and Equipments where useful life ranging from 10 to 30 years have been considered based on technical assessment, which is different from the useful life prescribed under Schedule II of the Act. However, assets costing ₹5,000/- or less are depreciated fully in the year of addition.

Additions on account of improvements/ modifications, which becomes an integral part of the existing asset and either do not have separate identity and/or are not capable of being used after the existing asset is disposed off, are depreciated over the remaining useful life of the assets (improved /modified) they are attached with.

- c) Intangible Assets

Intangible assets are stated at cost of acquisition less accumulated amortization. Computer software packages are amortized over a period of five year on straight line basis.

2.4 Financial instruments

Financial assets and financial liabilities are recognized in the Balance sheet when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets and financial liabilities at initial recognition based on its nature and characteristics.

(a) Financial assets

(i) Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115. The financial assets include equity and debt securities, trade and other receivables, loans and advances, cash and bank balances and derivative financial instruments.

(ii) Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- 1) At amortized cost,
- 2) At fair value through other comprehensive income (FVTOCI), and
- 3) At fair value through profit or loss (FVTPL).

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met

- 1) The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- 2) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Equity investments

All equity investments in the scope of Ind AS 109 are measured at fair value except in case of investment in subsidiary carried at deemed cost and associate carried at cost. Deemed cost is the carrying amount under the previous GAAP as at the transition date i.e. April 1, 2016.

Notes forming part of the Standalone Financial Statements as at March 31, 2023

Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in profit or loss. The Company may make an irrevocable election to present in OCI subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price is deferred and after initial recognition deferred difference is recognized as gain or loss to the extent it arises from change in input to valuation technique.

If the Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

(iii) De-recognition

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset.

(b) Financial liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of financial liabilities classified at amortized cost, net of directly attributable transaction costs.

The financial liabilities include trade and other payables, borrowings including bank overdrafts, derivative financial instruments, etc.

(ii) Subsequent measurement

For the purpose of subsequent measurement, Financial liabilities are classified in two categories:

- 1) Financial liabilities at amortized cost, and
- 2) Derivative instruments at fair value through profit or loss (FVTPL).

Financial liabilities at amortized cost

After initial recognition, financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

(c) Derivative financial instruments

Initial recognition and subsequent measurement

A derivative financial instrument, such as forward currency contracts and interest rate swaps are used to hedge foreign currency risks and interest rate risks respectively and includes options. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price is deferred and after initial recognition deferred difference is recognized as gain or loss to the extent it arises from change in input to valuation technique.

Notes forming part of the Standalone Financial Statements as at March 31, 2023

(d) Offsetting of financial instruments

Financial assets and financial liabilities including derivative instruments are offset and the net amount is reported in the Balance sheet, if there is currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

(e) Share capital

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new equity shares are recognized as a deduction from equity, net of any tax effects.

(f) Fair value measurement

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement".

For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach which have been dealt with separately in the said Ind AS.

Each of the valuation techniques stated as above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any particular method of valuation depends on the company being evaluated, the nature of industry in which it operates, the company's intrinsic strengths and the purpose for which the valuation is made.

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

2.5 Inventories

Inventories are valued at lower of the cost and net realizable value. The cost in respect of raw materials and stores and spares is determined on FIFO basis and in respect of finished goods and stock in process is determined on average basis. Cost of raw materials and stores and spares include the taxes and duties other than those recoverable from taxing authorities and expenses incidental to the procurement of the same. Cost in case of stock-in-process and finished goods represent prime cost and appropriate portion of overheads.

2.6 Impairments of Assets

(a) Non- financial assets

Property, plant and equipment and intangible assets are reviewed at each Balance Sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amounts of fixed assets is determined. An impairment loss is recognized, whenever the carrying amount of assets belonging to the Cash Generating Unit (CGU) exceeds

Notes forming part of the Standalone Financial Statements as at March 31, 2023

recoverable amount. The recoverable amount is the greater of assets net selling price or its value in use. In assessing the value in use, the estimated future cash flows from the use of assets are discounted to their present value as appropriate. An impairment loss is reversed if there has been change in the recoverable amount and such loss either no longer exists or has decreased. Impairment loss/reversal thereof is adjusted to the carrying value of the respective assets, which in case of CGU, are allocated to its assets on a prorate basis.

(b) Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

ECL impairment loss allowance is measured at an amount equal to lifetime ECL.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income or expense in the Statement of Profit and Loss. This amount is reflected under the head "Other expenses" in the profit or loss. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the Balance sheet. The allowance reduces the net carrying amount.

Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

2.7 Foreign Currency Transaction

Transactions in Foreign Currencies are accounted for at the exchange rate prevailing as on the date of the transaction. Foreign Currency monetary assets and liabilities at the year end are translated using closing rates whereas non monetary assets are translated at the rate on the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transaction during the year are recognized as revenue or expenses in the Statement of Profit and Loss.

2.8 Revenue Recognition

a) Revenue from Operations:

Revenue is recognized to the extent it is probable that economic benefits would flow to the Company and the revenue can be reliably measured, regardless of when the revenue proceeds is received from customers.

Revenue is measured at fair value of the consideration received/receivable taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control over a product or service to customers in accordance with Ind AS 115.

The Company recognizes revenue to depict the transfer of promised goods or services to customers in amounts that reflect the payment to which the Company expects to be entitled in exchange for those goods or services by applying the following steps:

Step -1 - Identify the contract with a customer;

Step -2 - Identify the performance obligations in the contract;

Step -3 - Determine the transaction price;

Step -4 - Allocate the transaction price to the performance obligations in the contract;

Step -5 - Recognize the revenue when (or as) the Company satisfies a performance obligation.

b) Sale of Electricity

Sale of Electricity is accounted for on delivery of Electricity to grid in terms of agreement with the Electricity Board.

Other Income:

a) Interest income

For all debt instruments measured at amortized cost, interest income is recognized using the effective interest rate (EIR). Interest income is included in "Other income" in the Statement of Profit and Loss.

Notes forming part of the Standalone Financial Statements as at March 31, 2023

- b) Insurance and other claims are accounted for as and when admitted or realized.
- c) Dividend is recognized when the right to receive is established.
- d) All other income are accounted for on accrual basis.

2.9 Expenses

All expenses are accounted for on accrual basis.

Expenses under primary heads such as salary, wages, consumption of stores etc., are being shown under respective heads and have not been functionally reclassified.

2.10 Employee Benefits

Short term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.

The Company has Defined Contribution Plan for its employees retirement benefits comprising of Provident Fund and Pension Fund. The Company makes regular contribution to Provident Fund, which are fully funded and administered by the Government. Contributions are recognized in Statement of Profit and Loss on accrual basis.

The Company has Defined Benefit Plan comprising of Gratuity. The Company's net obligation in respect of an approved gratuity plan is calculated using the projected unit credit method and the same is carried out by qualified actuary. The Company contributes to the Gratuity Fund under the Group Gratuity Cash Accumulation Scheme with Life Insurance Corporation (LIC) for future payment of gratuity liability to its employees.

The current service cost and interest on the net defined benefit liability / (asset) is recognized in the statement of profit and loss. Past service cost are immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income in the period in which they arise.

The Company's current policy permits eligible employees to accumulate compensated absences up to a prescribed limit and receive cash in lieu thereof in accordance with the terms of the policy. The Company measures the expected cost of accumulating compensated absences as the additional amount that the Company expects to pay as a result of unused entitlement that has accumulated as at the reporting date. The expected cost of these benefits is calculated using the projected unit credit method by qualified actuary every year. Actuarial gains and losses arising from experience adjustment and changes in actuarial assumptions are recognized in the statement of profit and loss in the period in which they arise. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.11 Government Grants

Government Grants are recognized at fair value when there is reasonable assurance that the grant would be received and the Company would comply with all the conditions attached with them.

Government grants related to asset are recognized as deferred income and charged to statement of profit and loss on a systematic basis over expected useful life of the related asset.

Government grants of revenue in nature are recognised on a systematic basis in the Statement of Profit and Loss over the period necessary to match them with the related costs and are adjusted with the related expenditure. If not related to a specific expenditure, it is considered income and included under "Other operating revenue" or "Other income."

2.12 Borrowing Cost

Borrowing Cost that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of such asset till such time that is required to complete and prepare the asset to get ready for its intended use.

All other borrowing cost are charged to the statement of Profit and Loss in the period in which they are incurred.

Notes forming part of the Standalone Financial Statements as at March 31, 2023

2.13 Taxes

Income tax expense comprises current tax and deferred tax and is recognized in the Statement of Profit and Loss except to the extent it relates to items directly recognized in Equity or in OCI.

a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates and tax laws that are enacted or substantively enacted by the balance sheet date and applicable for the period.

Current tax items in correlation to the underlying transaction relating to OCI and Equity are recognized in OCI and in Equity respectively.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

b) Deferred income tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized.

Unrecognized deferred tax assets are re-assessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off deferred tax assets against deferred tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.14 Provisions, Contingent Liabilities and Contingent Assets

Contingent liability :

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or; present obligation that arises from past events where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability are disclosed as contingent liability and not provided for.

Contingent assets :

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are

Notes forming part of the Standalone Financial Statements as at March 31, 2023

not recognised and disclosed only when an inflow of economic benefits is probable.

Provisions :

A provision is recognized when as a result of a past event, the Company has a present obligation whether legal or constructive that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. If the obligation is expected to be settled more than 12 months after the end of reporting date or has no definite settlement date, the provision is recorded as non-current liabilities after giving effect for time value of money, if material. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

2.15 Earnings per share

- (a) Basic earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares outstanding during the year.
- (b) Diluted earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are determined as at the end of each period presented. Dilutive potential equity shares are determined independently for each period presented.

2.16 Operating Segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director who makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies adopted for preparing and presenting the Financial Statements of the Company as a whole. In addition, the following specific accounting policies have been followed for segment reporting:

- a) Segment revenue includes sales and other income directly identifiable with/allocable to the segment including inter segment transfers.
Inter segment transfers are accounted for based on the transaction price agreed to between the segments which is at cost in case of transfer of Company's intermediate and final products and estimated realizable value in case of by-products.
- b) Revenue, expenses, assets and liabilities are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on direct and/or on a reasonable basis, have been disclosed as "Unallocable".

2.17 Leases

Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is recognised at the lease commencement date.

Initially the right-of-use asset is measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, as reduced by any lease incentives received.

The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The right-of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of-use asset is depreciated using the straight-line method from the commencement

Notes forming part of the Standalone Financial Statements as at March 31, 2023

date to the end of the lease term or useful life of the underlying asset whichever is earlier. Carrying amount of lease liability is increased by interest on lease liability and reduced by lease payments made.

Lease payments associated with following leases are recognised as expense on straight-line basis:

- (i) Low value leases; and
- (ii) Leases which are short-term.

Assets given on lease are classified either as operating lease or as finance lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Asset held under finance lease is initially recognised in balance sheet and presented as a receivable at an amount equal to the net investment in the lease. Finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on Company's net investment in the lease. A lease which is not classified as a finance lease is an operating lease.

The Company recognises lease payments in case of assets given on operating leases as income on a straight-line basis. The Company presents underlying assets subject to operating lease in its balance sheet under the respective class of asset.

2.18 Cash and cash equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value.

For the purpose of the Cash Flow Statement, Cash and cash equivalents consist of Cash and cash equivalents, as defined above and net of outstanding book overdrafts as they are considered an integral part of the Company's cash management.

2.19 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2B. Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements in conformity with the measurement principle of Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the financial statements have been disclosed below. The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below:

The Company provides for tax considering the applicable tax regulations and based on reasonable estimates. Management periodically evaluates positions taken in the tax returns giving due considerations to tax laws and establishes provisions in the event if required as a result of differing interpretation or due to retrospective amendments, if any.

(a) Income taxes

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

Notes forming part of the Standalone Financial Statements as at March 31, 2023

(b) Fair value measurements and valuation processes:

Investments are measured at fair value for financial reporting purposes. Fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

(c) Estimation of Defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each financial year end.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the actuary considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

(d) Provisions and contingent liabilities

The Company has ongoing litigations with various regulatory authorities and third parties. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

2.23 Recent Pronouncement

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

H. Risk Exposure:

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as companies take on uncertain long term obligations to make future benefit payments:

i) Liability Risks

a) Asset-Liability Mismatch Risk

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuation swings caused by interest rate movements.

Hence companies are encouraged to adopt asset-liability management.

b) Discount Rate Risk

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c) Future Salary Escalation and Inflation Risk

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

ii) Assets Risks

All plan assets are maintained in a trust fund managed by a public sector insurer viz; LIC of India. LIC has a sovereign guarantee and has been providing consistent and competitive returns over the years.

The company has opted for a traditional fund wherein all assets are invested primarily in risk averse markets. The company has no control over the management of funds but this option provides a high level of safety for the total corpus. A single account is maintained for both the investment and claim settlement and hence 100% liquidity is ensured. Also interest rate and inflation risk are taken care of.

7 Segment Reporting disclosures as per Ind AS-108 "Operating Segments":

Operating Segments:

a) Conveyor Belting, b) Wind Energy; c) Trading Goods and d) Investment

Identification of Segments:

The chief operating decision maker monitor the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Operating segments have been identified on the basis of the nature of products/services and have been identified as per the quantitative criteria specified in the Ind AS.

During the year, the Company has identified 'Investments' as a separate business segment. It is based on internal reorganization of its business segments, increased focus and business review carried out by the Managing Director (Chief Operating Decision Maker CODM) of the Company. The Investment segment comprises of Investment in equity instruments, mutual funds and inter corporate deposits given by the company etc.

Pursuant to the above change, the Company has restated segment information of all comparative previous periods in consonance with Ind As 108 - 'Operating Segments', including related disclosures.

Segment Revenue and Results:

The expenses and incomes which are not attributable to any business segment are shown as unallocated expenditure (net of unallocated income).

Segment Assets and Liabilities:

Segment assets include all operating assets used by the operating segment and mainly consist of property, plant and equipments, trade and other receivables, cash and cash equivalents, bank balance other than cash and cash equivalents etc.

Segment liabilities primarily includes trade payables, borrowings and other liabilities.

Common assets and liabilities which cannot be allocated to any of the segments are shown as a part of unallocated Corporate assets/liabilities.

B. Fair value hierarchy

The fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, other financial assets, short term loans, borrowings from banks and others, trade payables and other financial liabilities approximate their carrying amounts due to the short-term maturities of these instruments.

The Company uses the following fair value hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following tables provide the fair value hierarchy of the Company's assets and liabilities measured at fair value on a recurring basis:

12 Financial risk management objectives and policies

The Company's principal financial liabilities includes borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade receivables, cash and cash equivalents and other financial assets that derive directly from its operations.

The Company is exposed to credit risk, liquidity risk and market risk. The Company's senior management oversees the management of these risks and the appropriate financial risk governance framework for the Company. The senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist team that have the appropriate skills, experience and supervision. It is the Company's policy that derivatives are used exclusively for hedging purposes and not for trading or speculative purposes .

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below :

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other risks, such as regulatory risk and commodity price risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term debt obligations with floating interest rates. The Company is exposed to fluctuations in interest rates in respect of rupee borrowings which is disclosed in Note 20 and 23.

A change of 100 basis points in interest rate at the reporting date would have increased / (decreased) profit by ₹64.63 Lakh. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate borrowings.

The Company carries borrowings at amortised cost and hence, change in the interest rate at reporting date does not affect statement of profit or loss.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates

primarily to the Company's foreign currency transactions. This foreign currency risk is covered by using foreign exchange forward contracts.

Foreign currency sensitivity

1% increase or decrease in foreign exchange rates will have no material impact on Profit.

(b) Capital Management

(i) Risk Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders of the Company. The Company's objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns to shareholders and other stake holders and maintain an optimal capital structure to reduce the cost of Capital.

The Company manages its capital structure and makes adjustments in light of changes in the financial condition and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders (buy back its shares) or issue new shares.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. The Company has complied with these covenants.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2023 and 31st March, 2022.

(c) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Notes forming part of the Standalone Financial Statements as at March 31, 2023 (₹ in lakhs)

Note No. 38 Other disclosures and Additional regulatory information (Contd.)

12 Financial risk management objectives and policies (Contd.)

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date.

Financial assets are written off when there is no reasonable expectation of recovery, however, the Company continues to attempt to recover the receivables. Where recoveries are made, these are recognised in the Statement of Profit and Loss.

(i) Trade receivables

Customer credit risk is managed based on Company's established policy, procedures and control relating to customer credit risk management.

Trade receivables are non-interest bearing and are generally on credit terms of 3 to 60 days.

An impairment analysis is performed at each balance sheet date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the balance sheet date is the carrying value of each class of financial assets disclosed in note no. 12.

The ageing analysis of the receivables (gross) has been disclosed in Note 12.

(ii) Balances with banks

Credit risk from balances with banks is managed in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties.

The Company's maximum exposure to credit risk for the components of the balance sheet as at March 31, 2023 and March 31, 2022 is the carrying amounts as stated in note no. 13 and 14.

(d) Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit facilities and short term loans.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payment :

Independent Auditors' Report

To the Members of **International Conveyors Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **INTERNATIONAL CONVEYORS LIMITED** (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") which comprise the consolidated Balance Sheet as at March 31, 2023, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity, the consolidated Statement of Cash Flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, its consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by Institute of Chartered Accountants of India (ICAI) and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate

Independent Auditors' Report

Governance and Shareholder's Information, but does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary company which is a company incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.

Independent Auditors' Report

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of his reports, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report and the audit evidence obtained by the other auditor in terms of his reports referred to in Other Matter paragraph. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statement and other information of a subsidiary whose financial statements reflects total assets of Rs. 767.60 lakh as at March 31, 2023 and total revenue of Rs. 552.70 lakh, profit after tax of Rs. 34.20 lakh and total comprehensive loss of Rs. 268.14 lakh for the year ended on that date respectively and net cash inflow of Rs. 8.39 lakh for the year ended on March 31, 2023 as considered in the Statement. These financial statements and other financial information have been audited by other auditor, whose report has been furnished to us by the management and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of above subsidiary, is based solely on the report of other auditor.
- (b) The Consolidated financial statements include total assets of Rs. 411.79 lakhs as at March 31, 2023, total revenue of Rs. 4,081.98 lakhs, loss after tax of Rs. 96.94 lakhs and total comprehensive loss of Rs. 96.94 lakhs for the year ended on March 31, 2023 respectively in respect of 2 subsidiaries and one step down subsidiary, whose financial statements have not been audited by us. These financial statements are unaudited and have been certified by the Management of the holding Company and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Board of Directors, these financial statements are not material to the Group.

Our opinion is not modified in respect of above matters.

“Annexure B” to the Independent Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Group as of and for the year ended March 31, 2023 we have audited the internal financial controls over financial reporting of International Conveyors Limited (“the Holding Company”) and its subsidiary company, which is a company incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of his report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary company.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Annexure “B” to the Independent Auditors’ Report

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to the subsidiary company, is based on the corresponding report of the auditors of such company.

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

1. Corporate Information

International Conveyors Limited ("ICL" or "the Group") is a public limited incorporated and domiciled in India. The registered office of the Company is situated at Falta SEZ, Sector-II, near Pump House No. 3, Village & Mouza- Akalmegh, South 24 Parganas-743504.

The Company's shares are listed on The Bombay Stock Exchange Limited and The National Stock Exchange of India Limited.

Its business consists of:

- (a) Manufacturing and trading of Conveyor Belting,
- (b) Trading of Ply Conveyor Belting, Steel Cord Conveyor Belting and fitting and accessories,
- (c) Generation and Sale of Power, and
- (d) Investment Activity.

International Conveyors Limited together with its subsidiaries is hereinafter referred to as 'the Group'.

The financial statements for the year ended March 31, 2023 was approved for issue by the Board of Directors of the Company on May 30, 2023 and is subjected to the adoption by the shareholders in the ensuing Annual General Meeting.

2. Significant accounting policies

2.1 Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 ('the Act'). The financial statements have also been prepared in accordance with the relevant presentation requirements of the Act.

2.2 Basis of preparation

These financial statements have been prepared in accordance with Ind AS under the historical cost basis except for the following:

- i) Certain financial assets and financial liabilities (including derivative instruments) - measured at fair value, and
- ii) Defined benefits plan – plan assets measured at fair value.

Historical cost is generally based on the fair value of the consideration in exchange for goods and services.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Group has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Statement of Changes in Equity are prepared and presented in the format prescribed in the Division II to the Schedule III to the Act. The Consolidated Statement of Cash Flows has been prepared and presented in accordance with Ind AS 7 "Statement of Cash Flows". The disclosures with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

The consolidated financial statements including notes thereon are presented in Indian Rupees ("Rupees" or "Rs."), which is the Group's functional and presentation currency. All amounts disclosed in the consolidated financial statements including notes thereon have been rounded off to the nearest lakh upto 2 decimals as per the requirement of Schedule III to the Act, unless stated otherwise.

2.3 Basis of Consolidation

The Consolidated Financial Statements (CFS) includes the financial statements of the Company and its subsidiaries together with the share of the total comprehensive income of associate (if any).

Subsidiaries are entities controlled by the Group. Associate is an entity over which the Group exercises significant influence but does not control.

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

Control, significant influence is assessed annually with reference to the voting power (usually arising from equity shareholdings and potential voting rights) and other rights (usually contractual) enjoyed by the Group in its capacity as an investor that provides it the power and consequential ability to direct the investee's activities and significantly affect the Group's returns from its investment. Such assessment requires the exercise of judgement and is disclosed by way of a note to the Financial Statements. The Group is considered not to be in control of entities where it is unclear as to whether it enjoys such power over the investee.

The assets, liabilities, income and expenses of subsidiaries are aggregated and consolidated, line by line, from the date control is acquired by any Group entity to the date it ceases. Profit or loss and each component of other comprehensive income are attributed to the Group as owners and to the non-controlling interests. The Group presents the non-controlling interests in the Balance Sheet within equity, separately from the equity of the Group as owners. The excess of the Group's investment in a subsidiary over its share in the net worth of such subsidiary on the date control is acquired is treated as goodwill while a deficit is considered as a capital reserve in the CFS. On disposal of the subsidiary, attributable amount on goodwill is included in the determination of the profit or loss and recognised in the Statement of Profit and Loss. Impairment loss, if any, to the extent the carrying amount exceeds the recoverable amount is charged off to the Statement of Profit and Loss as it arises and is not reversed. For impairment testing, goodwill is allocated to Cash Generating Unit (CGU) or a group of CGUs to which it relates, which is not larger than an operating segment, and is monitored for internal management purposes.

An investment in an associate is initially recognized at cost on the date of the investment, and inclusive of any goodwill/ capital reserve embedded in the cost, in the Balance Sheet. The proportionate share of the Group in the net profits / losses as also in the other comprehensive income is recognised in the Statement of Profit and Loss and the carrying value of the investment is adjusted by a like amount (referred as 'equity method'). All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.4 Property, plant and equipment (PPE), depreciation and amortization

- a) All Property, plant and equipment are stated at cost of acquisition with subsequent improvements thereto. Cost of acquisition includes taxes, duties, inward freight and installation expenses.

Expenditure incurred on improvements/ modifications of PPE that increases the future benefits from the existing asset beyond its previously assessed standard of performance, e.g., increase in capacity / efficiency, are capitalized.

- b) Depreciation is provided on written down value method as per Schedule II to the Act based on the useful life of the assets. In case of certain items of Plant and Equipments where useful life ranging from 10 to 30 years has been considered based on technical assessment, which is different from the useful life prescribed under Schedule II to the Act. However assets costing ₹ 5,000/- or less are depreciated fully in the year of addition.

Additions on account of improvements/ modifications, which becomes an integral part of the existing asset and either do not have separate identity and/or are not capable of being used after the existing asset is disposed off, are depreciated over the remaining useful life of the assets (improved /modified) they are attached with.

- c) Intangible Assets

Intangible assets are stated at cost of acquisition less accumulated amortization. Computer software packages are amortized over a period of five year on straight line basis.

2.5 Financial instruments

Financial assets and financial liabilities are recognised in the Balance sheet when the Group becomes a party to the contractual provisions of the instrument. The Group determines the classification of its financial assets and financial liabilities at initial recognition based on its nature and characteristics.

(a) Financial assets

(i) Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Trade receivables that do not contain a significant financing component or for which the Company has applied the

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

practical expedient are measured at the transaction price determined under Ind AS 115. The financial assets include equity and debt securities, trade and other receivables, loans and advances, cash and bank balances and derivative financial instruments.

(ii) Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- At amortised cost,
- At fair value through other comprehensive income (FVTOCI), and
- At fair value through profit or loss (FVTPL).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Equity investments

All equity investments in the scope of Ind AS 109 are measured at fair value except in case of investment in associate (consolidated as per equity method).

Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in profit or loss. The Group may make an irrevocable election to present in OCI subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price is deferred and after initial recognition deferred difference is recognised as gain or loss to the extent it arises from change in input to valuation technique.

If the Group decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

(iii) De-recognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset.

(b) Financial liabilities

(i) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities classified at amortised cost, net of directly attributable transaction costs.

The financial liabilities include trade and other payables, borrowings including bank overdrafts, derivative financial instruments, etc.

(ii) Subsequent measurement

For the purpose of subsequent measurement, Financial liabilities are classified in two categories:

- Financial liabilities at amortised cost, and
- Derivative instruments at fair value through profit or loss (FVTPL).

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

Financial liabilities at amortised cost

After initial recognition, financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

(iii) De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

(c) Derivative financial instruments

Initial recognition and subsequent measurement

A derivative financial instrument, such as forward currency contracts and interest rate swaps are used to hedge foreign currency risks and interest rate risks respectively and includes options. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price is deferred and after initial recognition deferred difference is recognised as gain or loss to the extent it arises from change in input to valuation technique.

(d) Offsetting of financial instruments

Financial assets and financial liabilities including derivative instruments are offset and the net amount is reported in the Balance sheet, if there is currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

(e) Fair value measurement

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement".

For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach which have been dealt with separately in the said Ind AS.

Each of the valuation techniques stated as above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any particular method of valuation depends on the Group being evaluated, the nature of industry in which it operates, the Group's intrinsic strengths and the purpose for which the valuation is made.

In determining the fair value of financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

(f) Share capital

An equity instrument is a contract that evidences residual interest in the assets of the Group after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new equity shares are recognized as a deduction from equity, net of any tax effects.

2.6 Inventories

Inventories are valued at lower of the cost and net realizable value. The cost in respect of raw materials and stores and spares is determined on FIFO basis and in respect of finished goods and stock in process is determined on average basis. Cost of raw materials and stores and spares include the taxes and duties other than those recoverable from taxing authorities and expenses incidental to the procurement of the same. Cost in case of stock-in-process and finished goods represent prime cost and appropriate portion of overheads.

2.7 Impairments of Assets

(a) Non-financial assets

Property, plant and equipment and intangible assets are reviewed at each Balance Sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amounts of fixed assets is determined. An impairment loss is recognized, whenever the carrying amount of assets belonging to the Cash Generating Unit (CGU) exceeds recoverable amount. The recoverable amount is the greater of assets net selling price or its value in use. In assessing the value in use, the estimated future cash flows from the use of assets are discounted to their present value as appropriate. An impairment loss is reversed if there has been change in the recoverable amount and such loss either no longer exists or has decreased. Impairment loss/reversal thereof is adjusted to the carrying value of the respective assets, which in case of CGU, are allocated to its assets on a prorata basis.

(b) Financial assets

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

ECL impairment loss allowance is measured at an amount equal to lifetime ECL.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income or expense in the Statement of Profit and Loss. This amount is reflected under the head "Other expenses" in the profit or loss. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the Balance sheet. The allowance reduces the net carrying amount.

Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

2.8 Foreign Currency Transaction and Foreign operations

Transactions in Foreign Currencies are accounted for at the exchange rate prevailing as on the date of the transaction. Foreign Currency monetary assets and liabilities at the year end are translated using closing rates whereas non monetary assets are translated at the rate on the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transaction during the year are recognized as revenue or expenses in the Statement of Profit and Loss.

Foreign operations

Assets and liabilities of entities with functional currency other than presentation currency have been translated to the presentation currency using exchange rates prevailing on the balance sheet date. Statement of profit and loss has been

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

translated using weighted average exchange rates. Translation adjustments have been reported as foreign currency translation reserve in the statement of changes in equity.

2.9 Revenue Recognition

Revenue is recognized to the extent it is probable that economic benefits would flow to the Company and the revenue can be reliably measured, regardless of when the revenue proceeds is received from customers.

Revenue is measured at fair value of the consideration received/receivable taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control over a product or service to customers in accordance with Ind AS 115.

The Company recognizes revenue to depict the transfer of promised goods or services to customers in amounts that reflect the payment to which the Company expects to be entitled in exchange for those goods or services by applying the following steps:

Step -1 - Identify the contract with a customer;

Step -2 - Identify the performance obligations in the contract;

Step -3 - Determine the transaction price;

Step -4 - Allocate the transaction price to the performance obligations in the contract;

Step -5 - Recognize the revenue when (or as) the Company satisfies a performance obligation.

The specific recognition criteria for revenue recognition are as follows:

a) Sale of Electricity

Sale of Electricity is accounted for on delivery of Electricity to grid in terms of agreement with the Electricity Board.

Other Income:

a) Interest income

For all debt instruments measured at amortized cost, interest income is recognized using the effective interest rate (EIR). Interest income is included in "Other income" in the Statement of Profit and Loss.

b) Insurance and other claims are accounted for as and when admitted or realized.

c) Dividend is recognized when the right to receive is established.

d) All other income are accounted for on accrual basis.

2.10 Expenses

All expenses are accounted for on accrual basis. Expenses under primary heads such as salary, wages, consumption of stores etc., are being shown under respective heads and have not been functionally reclassified.

2.11 Employee Benefits

Short term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.

The Group has Defined Contribution Plan for its employees retirement benefits comprising of Provident Fund and Pension Fund. The Group makes regular contribution to Provident Fund, which are fully funded and administered by the Government. Contributions are recognized in Statement of Profit and Loss on accrual basis.

The Group has Defined Benefit Plan comprising of Gratuity. The Group's net obligation in respect of an approved gratuity plan is calculated using the projected unit credit method and the same is carried out by qualified actuary. The Group contributes to the Gratuity Fund under the Group Gratuity Cash Accumulation Scheme with Life Insurance Corporation (LIC) for future payment of gratuity liability to its employees.

The current service cost and interest on the net defined benefit liability / (asset) is recognized in the statement of profit and loss. Past service cost are immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income in the period in which they arise.

The Group's current policy permits eligible employees to accumulate compensated absences up to a prescribed limit and receive cash in lieu thereof in accordance with the terms of the policy. The Group measures the expected cost of accumulating compensated absences as the additional amount that the Group expects to pay as a result of unused entitlement that has accumulated as at the reporting date. The expected cost of these benefits is calculated using the projected unit credit method by qualified actuary every year. Actuarial gains and losses arising from experience adjustment and changes in actuarial assumptions are recognized in the statement of profit and loss in the period in which they arise. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.12 Government Grants

Government Grants are recognized at fair value when there is reasonable assurance that the grant would be received and the Company would comply with all the conditions attached with them.

Government grants related to asset are recognized as deferred income and charged to statement of profit and loss on a systematic basis over expected useful life of the related asset.

Government grants of revenue in nature are recognised on a systematic basis in the Statement of Profit and Loss over the period necessary to match them with the related costs and are adjusted with the related expenditure. If not related to a specific expenditure, it is considered income and included under "Other operating revenue" or "Other income."

2.13 Borrowing Cost

Borrowing Cost that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of such asset till such time that is required to complete and prepare the asset to get ready for its intended use.

All other borrowing cost are charged to the statement of Profit and Loss in the period in which they are incurred.

2.14 Taxes

Income tax expense comprises current tax and deferred tax and is recognized in the Statement of Profit and Loss except to the extent it relates to items directly recognized in Equity or in OCI.

a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates and tax laws that are enacted or substantively enacted by the balance sheet date and applicable for the period.

Current tax items in correlation to the underlying transaction relating to OCI and Equity are recognized in OCI and in Equity respectively.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

b) Deferred income tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws to the extent it is likely to give future economic benefits in the form of availability to set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off deferred tax assets against deferred tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.15 Provisions, Contingent Liabilities and Contingent Assets

Contingent liability :

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or; present obligation that arises from past events where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability are disclosed as contingent liability and not provided for.

Contingent assets :

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised and disclosed only when an inflow of economic benefits is probable.

Provisions :

A provision is recognized when as a result of a past event, the Company has a present obligation whether legal or constructive that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. If the obligation is expected to be settled more than 12 months after the end of reporting date or has no definite settlement date, the provision is recorded as non-current liabilities after giving effect for time value of money, if material. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

2.16 Earnings per share

- (a) Basic earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares outstanding during the year.
- (b) Diluted earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are determined as at the end of each period presented. Dilutive potential equity shares are determined independently for each period presented.

2.17 Operating Segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director who makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies adopted for preparing and presenting the Financial Statements of the Group as a whole. In addition, the following specific accounting policies have been followed for segment reporting:

- a) Segment revenue includes sales and other income directly identifiable with/allocable to the segment including inter segment transfers.

Inter segment transfers are accounted for based on the transaction price agreed to between the segments which is at cost in case of transfer of Group's intermediate and final products and estimated realisable value in case of by-products.

- b) Revenue, expenses, assets and liabilities are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on direct and/or on a reasonable basis, have been disclosed as "Unallocable".

2.18 Leases

Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is recognised at the lease commencement date.

Initially the right-of-use asset is measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, as reduced by any lease incentives received.

The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The right-of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of-use asset is depreciated using the straight-line method from the commencement date to the end of the lease term or useful life of the underlying asset whichever is earlier. Carrying amount of lease liability is increased by interest on lease liability and reduced by lease payments made.

Lease payments associated with following leases are recognised as expense on straight-line basis:

- (i) Low value leases; and
- (ii) Leases which are short-term.

Assets given on lease are classified either as operating lease or as finance lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Asset held under finance lease is initially recognised in balance sheet and presented as a receivable at an amount equal to the net investment in the lease. Finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on Company's net investment in the lease. A lease which is not classified as a finance lease is an operating lease.

The Group recognises lease payments in case of assets given on operating leases as income on a straight-line basis. The Group presents underlying assets subject to operating lease in its balance sheet under the respective class of asset.

2.19 Cash and cash equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value.

For the purpose of the Cash Flow Statement, Cash and cash equivalents consist of Cash and cash equivalents, as defined above and net of outstanding book overdrafts as they are considered an integral part of the Group's cash management.

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

2.20 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Group are segregated.

3. Use Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with Ind AS requires that management of the Group makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustments to the carrying amounts of assets and liabilities within the next financial year are described below. The Group has based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond control of the management.

1. Control:

The Group assessed whether or not it has control on its investees based on whether, as an investor, it has the power/rights and consequently the practical ability to direct the relevant activities of its investees unilaterally. In making this judgement, the Group considered the absolute size of its holding, the relative size of and dispersion of other shareholders, and whether any contractual arrangements exist between the Company (and its subsidiaries) and other shareholders of the investees. Based on this, and in accordance with its Accounting Policy, the Group has determined that the entities listed in the notes to the financial statements are the only entities over which Group has control.

2. Significant influence:

The Group assessed whether or not it has significant influence on its investees based on its practical ability to participate in the financial and operating policy decisions of the investee, though it is not in control or in joint control of these policies. Based on such assessment, the Group determined that the entities listed in the notes to the financial statements are the only entities over which the Group has significant influence, and accordingly associates.

3. Income taxes

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

4. Fair value measurements and valuation processes:

Investments are measured at fair value for financial reporting purposes. Fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

5. Estimation of Defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each financial year end.

Notes forming part of the Consolidated Financial Statements as at March 31, 2023

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the actuary considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

6. Provisions and contingent liabilities

The Group has ongoing litigations with various regulatory authorities and third parties. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

3. Recent Pronouncement

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements.

H. Risk Exposure:

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as companies take on uncertain long term obligations to make future benefit payments:

i) Liability Risks

a) Asset-Liability Mismatch Risk

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuation swings caused by interest rate movements.

Hence companies are encouraged to adopt asset-liability management.

b) Discount Rate Risk

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c) Future Salary Escalation and Inflation Risk

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

ii) Assets Risks

All plan assets are maintained in a trust fund managed by a public sector insurer viz; LIC of India. LIC has a sovereign guarantee and has been providing consistent and competitive returns over the years.

The company has opted for a traditional fund wherein all assets are invested primarily in risk averse markets. The company has no control over the management of funds but this option provides a high level of safety for the total corpus. A single account is maintained for both the investment and claim settlement and hence 100% liquidity is ensured. Also interest rate and inflation risk are taken care of.

7 Segment Reporting disclosures as per Ind AS-108 "Operating Segments":

Operating Segments:

a) Conveyor Belting b) Wind Energy c) Trading Goods d) Investment

Identification of Segments:

The chief operating decision maker monitor the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Operating segments have been identified on the basis of the nature of products/services and have been identified as per the quantitative criteria specified in the Ind AS.

During the year, the Company has identified 'Investments' as a separate business segment. It is based on internal reorganization of its business segments, increased focus and business review carried out by the Managing Director (Chief Operating Decision Maker CODM) of the Company. The Investment segment comprises of Investment in equity instruments, mutual funds and inter corporate deposits given by the company etc.

Pursuant to the above change, the Company has restated segment information of all comparative previous periods in consonance with Ind As 108 - 'Operating Segments', including related disclosures.

Segment Revenue and Results:

The expenses and incomes which are not attributable to any business segment are shown as unallocated expenditure (net of unallocated income).

Segment Assets and Liabilities:

Segment assets include all operating assets used by the operating segment and mainly consist of property, plant and equipments, trade and other receivables, cash and cash equivalents, bank balance other than cash and cash equivalents etc.

B. Fair value hierarchy

The fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, other financial assets, short term borrowings from banks and financial institutions, trade payables and other financial liabilities approximate their carrying amounts due to the short-term maturities of these instruments.

The Company uses the following fair value hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following tables provide the fair value hierarchy of the Company's assets and liabilities measured at fair value on a recurring basis:

11 Financial risk management objectives and policies

The Group's principal financial liabilities includes borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade receivables, cash and cash equivalents and other financial assets that derive directly from its operations.

The Group is exposed to credit risk, liquidity risk and market risk. The management oversees these risks and appropriate financial risk governance framework for the Group. The management provides assurance that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist team that have the appropriate skills, experience and supervision. It is the Group's policy that derivatives are used exclusively for hedging purposes and not for trading or speculative purposes.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below :

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other risks, such as regulatory risk and commodity price risk.

11 Financial risk management objectives and policies (Contd.)

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term debt obligations with floating interest rates. The Company is exposed to fluctuations in interest rates in respect of rupee borrowings which is disclosed in Note 17.

A change of 100 basis points in interest rate at the reporting date would have increased / (decreased) profit by ₹64.63 Lakh. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate borrowings.

The Company carries borrowings at amortised cost and hence, change in the interest rate at reporting date does not affect statement of profit or loss.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's foreign currency transactions. This foreign currency risk is covered by using foreign exchange forward contracts.

Foreign currency sensitivity

1% increase or decrease in foreign exchange rates will no material impact on Profit.

Unhedged Foreign Currency exposures are as follows :-

(Foreign currency in lakhs)

Nature	Currency	As at	As at
		March 31, 2023	March 31, 2022
Amount receivable on account of sale of goods, loans and advances, interest, etc.	USD	2.66	3.09
	SGD	12.60	–
	CDN	0.63	10.19
	AUD	–	–
Amount payable on account of purchase of goods and services, loans and advances, interest, etc.	USD	4.96	5.54
	GBP	0.92	0.03
	CDN	–	–
	AUD	–	–

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date.

Financial assets are written off when there is no reasonable expectation of recovery, however, the Group continues to attempt to recover the receivables. Where recoveries are made, these are recognised in the Statement of Profit and Loss.

(i) Trade receivables

Customer credit risk is managed based on Group's established policy, procedures and control relating to customer credit risk management.

Trade receivables are non-interest bearing and are generally on credit terms of 3 to 60 days.

An impairment analysis is performed at each balance sheet date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the balance sheet date is the carrying value of each class of financial assets disclosed in note no. 12.

11 Financial risk management objectives and policies (Contd.)

(ii) Balances with banks

Credit risk from balances with banks is managed in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties.

The Group's maximum exposure to credit risk for the components of the balance sheet as at March 31, 2023 and March 31, 2022 is the carrying amounts as stated in note no. 13 and 14.

(c) Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit facilities and short term loans.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payment :
